

**GOVERNMENT OF INDIA
MINISTRY OF POWER
LOK SABHA
STARRED QUESTION NO.224
ANSWERED ON 17.03.2022**

POWER PROJECTS

†224. SHRI GAJENDRA SINGH PATEL:

**Will the Minister of POWER
be pleased to state:**

- (a) the details of the power projects being implemented in Khargone-Barwani Parliamentary Constituency along with the proposed new projects;**
- (b) whether any special power project would be implemented in the tribal villages of Khargone-Barwani which are deprived of electricity;**
- (c) if so, the details thereof; and**
- (d) whether there is any power project for remote and hilly areas so that every household may get access to electricity and if so, the details thereof?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) to (d) : A Statement is laid on the Table of the House.

STATEMENT

STATEMENT REFERRED TO IN REPLY TO PARTS (a) TO (d) OF STARRED QUESTION NO. 224 ANSWERED IN THE LOK SABHA ON 17.03.2022 REGARDING POWER PROJECTS

(a) : A coal-based thermal power project namely Khargone Super Thermal Power Station of 1320 MW (2x660 MW) capacity has been installed by NTPC in Khargone district of Madhya Pradesh. The plant is under operation and generating power.

(b) to (d) : Deen Dayal Upadhyaya Gram Jyoti Yojana (DDUGJY) provided for access to electricity to un-electrified villages/habitations including the villages located in remote and hilly areas. As on 28/04/2018, all the States reported 100% electrification of all un-electrified inhabited villages in the country. Pradhan Mantri Sahaj Bijli Har Ghar Yojana (SAUBHAGYA) provided for achieving universal household electrification by giving electricity connections to all willing un-electrified households in rural areas and all poor households in urban areas in the country. Under the Saubhagya scheme, all the States have reported 100% electrification of all the willing un-electrified households, identified before 31.03.2019. Further, an additional 18.85 lac households that were unwilling earlier but later on became willing were electrified through funding from Saubhagya till 31.03.2021. As reported by the States, a total of 2.817 crore households have been electrified since the launch of Saubhagya, up to 31.03.2021.

Further, as against the installed capacity of 395.6 GW, peak demand in the country had only reached up to 203 GW in July, 2021. Thus, enough generation capacity is available to meet the electricity demand of all consumers including those from remote and hilly areas.

**GOVERNMENT OF INDIA
MINISTRY OF POWER
LOK SABHA
STARRED QUESTION NO.225
ANSWERED ON 17.03.2022**

ALLOCATION OF FUNDS BY PSUs

**†225. SHRI DILIP SAIKIA:
SHRI RAMESH CHANDER KAUSHIK:**

**Will the Minister of POWER
be pleased to state:**

- (a) the quantum of funds allocated by Public Sector Undertakings (PSUs) under the Ministry of Power to North Eastern States including Assam and other States including Haryana during the last three years and the current year; and**
- (b) the details of schemes being implemented under Corporate Social Responsibility (CSR) funds, State/UT-wise?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) & (b) : A Statement is laid on the Table of the House.

STATEMENT

STATEMENT REFERRED TO IN REPLY TO PARTS (a) & (b) OF STARRED QUESTION NO.225 ANSWERED IN THE LOK SABHA ON 17.03.2022 REGARDING ALLOCATION OF FUNDS BY PSUs

(a) : The expenditure incurred by CPSUs of Ministry of Power in projects is as in Annexure-I.

(b) : The details of schemes and expenditure incurred by CPSUs on Corporate Social Responsibility (CSR), State/UT-wise have been provided in Annexure-II.

ANNEXURE-I

**ANNEXURE REFERRED TO IN PART (a) OF THE STATEMENT LAID IN REPLY TO
STARRED QUESTION NO. 225 ANSWERED IN THE LOK SABHA ON 17.03.2022
REGARDING ALLOCATION OF FUNDS BY PSUs**

UNSTARRED QUESTION NO.2571
ANSWERED ON 17.03.2022**

MANUFACTURING ZONES

**2571. DR. BEESETTI VENKATA SATYAVATHI:
SHRIMATI CHINTA ANURADHA:
SHRI M.V.V. SATYANARAYANA:**

**Will the Minister of POWER
be pleased to state:**

- (a) whether the Government proposes to set-up three manufacturing zones for critical power and renewable energy equipment that were announced in this year's budget and if so, the details thereof;**
- (b) whether the Government proposes to set-up one of the three proposed critical power and renewable energy equipment manufacturing zones in the State of Andhra Pradesh; and**
- (c) if so, the details thereof?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) to (c) : Out of the three Manufacturing Zones for Power and Renewable Energy Equipment proposed by Ministry of Power and Ministry of New and Renewable Energy; Ministry of Finance has accorded approval for setting up one Manufacturing Zone initially as a Pilot with an indicative outlay of Rs. 400 crore.

The selection of location for setting up of Manufacturing Zones is to be based on pre-identified parameters. All States or Special Purpose Vehicles (SPV) may participate in the selection process.

**GOVERNMENT OF INDIA

UNSTARRED QUESTION NO.2580
ANSWERED ON 17.03.2022**

LAYING OF UNDERGROUND CABLE FOR ELECTRIFICATION

**†2580. SHRIMATI KESHARI DEVI PATEL:
SHRI KANAKMAL KATARA:**

**Will the Minister of POWER
be pleased to state:**

- (a) the number of identified Gramsabhas/Majras where the work of laying underground cable for electrification have been completed along with the number of Gramsabhas/Majras where the said work is remaining in Prayagraj district of Uttar Pradesh and Banswara-Dungarpur Parliamentary Constituency of Rajasthan;**
- (b) the quantum of funds sanctioned for electrification in the said areas during the last three years and the current year;**
- (c) the name of the agencies/companies to which the said work has been awarded along with the quantum of funds provided to the said agencies/companies, work and village-wise;**
- (d) whether left out Gramsabhas/Majras are likely to be selected under the scheme and if so, the time by which it is likely to be done;**
- (e) whether any complaint has been received against the said agencies/companies in terms of quality of the said developmental work; and**
- (f) if so, the details thereof along with the action taken thereon?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) to (c) : Government of India launched Deen Dayal Upadhyaya Gram Jyoti Yojana (DDUGJY) in December, 2014 for various rural electrification works including separation of agriculture and non-agriculture feeders, strengthening and augmentation of sub-transmission & distribution infrastructure, metering at distribution transformers/ feeders/consumers and electrification of villages across the country. There is no provision of laying of underground cable under the said Scheme, hence, no underground cable work has been carried out in rural areas of Prayagraj district of Uttar Pradesh and Banswara-Dungarpur Parliamentary Constituency of Rajasthan under DDUGJY. However, underground Cabling work has been carried out under Integrated Power Development Scheme (IPDS) in areas under Ajmer Vidyut Vitran Nigam Limited (AVVNL) and Purvanchal Vidyut Vitran Nigam Limited (PuVVNL) DISCOMs for urban towns of Banswara, Dungarpur, and Prayagraj District for 2.60 cKm, 3.05 cKm and 383.89 cKm respectively. Details of agencies involved in the execution of Underground cable works under IPDS alongwith the execution cost are at Annexure-I.

.....2.

The details of funds sanctioned for electrification works under IPDS, DDUGJY, SAUBHAGYA in the Banswara, Dungarpur, and Prayagraj Circles under IPDS, DDUGJY and Saubhagya are at Annexure-II.

(d) : Government of India launched the Pradhan Mantri Sahaj Bijli Har Ghar Yojana – Saubhagya in October, 2017 with the objective to achieve universal household electrification for providing electricity connections to all willing un-electrified households in rural areas and all willing poor households in urban areas in the country by March, 2019. All households were reported electrified by the States, except 18,734 households in Left Wing Extremists (LWE) affected areas of Chhattisgarh as on 31.03.2019. Subsequently, on the request of seven States namely Assam, Chhattisgarh, Jharkhand, Karnataka, Manipur, Rajasthan and Uttar Pradesh around 19.09 lakh un-electrified households, identified before 31.03.2019, which were unwilling earlier but have expressed willingness to get electricity connection were approved under Saubhagya Scheme. All these seven States have reported 100% household's electrification as on 31.03.2021. A total of 2.817 crore households were electrified since the launch of Saubhagya, up to 31.03.2021. An additional 11.84 lakh households have been sanctioned under DDUGJY against which, 4.34 lakh households have been electrified. Accordingly, till date, a total 2.86 crore households have been electrified.

Government of India have recently issued guidelines and mechanism for electrification of any left over un-electrified households identified before 31.3.2019 prior to Saubhagya.

(e) & (f) : No specific complaint(s) have been received regarding the underground Cabling work executed by the agencies appointed for the purpose in the urban areas of Banswara and Dungarpur Circle. Since, no underground cabling has been carried out in rural areas under DDUGJY, the question does not arise in the gram sabhas.

ANNEXURE-I**ANNEXURE REFERRED TO IN REPLY TO PARTS (a) TO (c) OF UNSTARRED QUESTION NO. 2580 ANSWERED IN THE LOK SABHA ON 17.03.2022**

**GOVERNMENT OF INDIA
MINISTRY OF POWER
LOK SABHA
UNSTARRED QUESTION NO.2584
ANSWERED ON 17.03.2022**

POWER TRANSMISSION AND DISTRIBUTION SYSTEM

†2584. SHRI SADASHIV KISAN LOKHANDE:

**Will the Minister of POWER
be pleased to state:**

- (a) whether there is any discrepancy in production, transmission and distribution of power in the country;**
- (b) if so, the details thereof;**
- (c) whether the Government proposes to strengthen transmission and distribution of power in the country;**
- (d) if so, the details thereof; and**
- (e) the steps proposed to be taken by the Government in this regard?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) to (e) : There is no discrepancy in production, transmission and distribution of power in the country. The installed generation capacity is around 395.6 GW which is adequate to produce electricity to meet the demand of electricity. The maximum demand during the current year was around 203 GW. The transmission system is also robust and capable of transmitting the power from generating station to the States / Discoms who in turn through distribution system are able to distribute electricity to the consumers.

The robust national grid is facilitating transfer of power from surplus regions to deficit regions without any transmission constraints. The inter-regional transmission capacity has been increased from 35,950 MW as on 31.03.2014 to 1,12,250 MW as on 28th February, 2022. The capacity of the electricity Grid is being expanded on a continuous basis matching with the growth in electricity generation and electricity demand.

.....2.

The transmission systems are mostly built through tariff based competitive bidding route. However, the Central Government is also funding same Transmission schemes worth around Rs.16,000/- crore in UT of J&K, UT of Ladakh and North Eastern States. The intra-State transmission lines are built by the State transmission companies.

In order to meet the growing demand of the electricity consumers, the distribution network also requires upgradation and augmentation on continuous basis, which are undertaken by the distribution companies under the oversight of State Commissions. The Central Government is also assisting the States for creation/augmentation of distribution infrastructure through its various schemes including Deen Dayal Upadhyaya Gram Jyoti Yojana (DDUGJY), Integrated Power Development Scheme (IPDS), and Revamped Distribution Sector Scheme (RDSS) to enable them to achieve the objective of providing uninterrupted power supply to all consumers. The new scheme RDSS has an outlay of Rs.3,03,785/- crore and an estimated gross budgetary support of Rs.97,631/- crore from Central Government.

**GOVERNMENT OF INDIA
MINISTRY OF POWER
LOK SABHA
UNSTARRED QUESTION NO.2585
ANSWERED ON 17.03.2022**

POWER GENERATION CAPACITY OF NTPC

†2585. SHRI ARUN KUMAR SAGAR:

**Will the Minister of POWER
be pleased to state:**

- (a) the present power generation capacity of NTPC;**
- (b) whether NTPC is planning to triple its power generation capacity;**
- (c) if so, the specific plan formulated by NTPC in this regard; and**
- (d) the time by which the said plan is likely to be implemented?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) : As on 10.03.2022, the installed capacity of NTPC was 54,452.18 Megawatt (MW) and the installed capacity of NTPC Group (including subsidiaries and Joint Ventures) was 68,567.18 MW.

(b) to (d) : NTPC formulates a 15-year Corporate Plan which envisages its power generation portfolio. As per the present Corporate Plan, NTPC has set a target of achieving 1,30,000 MW installed capacity by 2032.

MINISTRY OF POWER
LOK SABHA
UNSTARRED QUESTION NO.2598
ANSWERED ON 17.03.2022**

RURAL ELECTRIFICATION SCHEMES

2598. SHRI C. LALROSANGA:

**Will the Minister of POWER
be pleased to state:**

- (a) the total number of villages electrified under rural electrification schemes in the North-East, State-wise;**
- (b) the total number of villages in different states of North-East which are yet to be covered by the said schemes; and**
- (c) the quantum of funds sanctioned for rural electrification in the North-East during the last three years and the current year, State-wise?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) & (b) : The Government of India launched Deendayal Upadhyaya Gram Jyoti Yojana (DDUGJY) in December, 2014 for rural electrification works across the country including North East States. As reported by the North East States on Garv portal, all the inhabited un-electrified census villages stand electrified as on 28th April, 2018 under the scheme. The details are given at Annexure-I.

(c) : There is no upfront allocation of funds for any State/District under DDUGJY. Funds are released for sanctioned projects in instalments based on the reported utilization of the funds released in the previous instalments and fulfilment of stipulated conditions. The State-wise and year-wise details of funds disbursed during the last three years and the current year under DDUGJY (including RE & additional infra) are at Annexure-II.

**GOVERNMENT OF INDIA
MINISTRY OF POWER
LOK SABHA
UNSTARRED QUESTION NO.2608
ANSWERED ON 17.03.2022**

DEMAND FOR ELECTRICITY

†2608. SHRI GOPAL CHINNAYA SHETTY:

**Will the Minister of POWER
be pleased to state:**

- (a) whether the demand for electricity is increasing continuously in the country resulting in its acute shortage;**
- (b) if so, the details of demand and supply of electricity during the last three years and the current year, State-wise;**
- (c) the details of power generation from various sources during the said period, State-wise; and**
- (d) the details of the infrastructural reforms undertaken to improve the power situation along with the achievements made thereunder?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) & (b): There is adequate availability of electricity in the country to meet the demand. It is a fact that the demand for electricity is increasing continuously in the country, except during the period of Covid-19 pandemic. The increasing demand of power in the country is being met with commensurate increase in power generation. A generation capacity of 15,978.84 MW has been added during the year 2021-22 (up to 28.02.2022) which includes 3,825 MW of Thermal, 213 MW of Hydro (above 25 MW capacity) and 11,940.84 MW from other renewable energy. As on 28th February, 2022, the installed generation capacity is around 395.6 GW which is sufficient to meet the demand of electricity in the country. The peak demand experienced during the current year was only 203 GW.

The State-wise details of Energy Requirement and Energy Supplied during the last three years and the current year i.e. 2021-22 (period April, 2021 to February, 2022), are given at Annexure-I.

(c): The State-wise details of Energy Generation (Thermal, Hydro & Nuclear) and generation from other Renewable Energy Sources in the country during the last three years and current year 2021-22 (upto Jan./Feb.,2022) are given at Annexure-II and Annexure-III respectively.

(d): The details of generation capacity addition during the last three years and the current year are given at Annexure-IV. The details of the measures to improve the power production and improve the overall power situation are given at Annexure-V.

**ANNEXURE REFERRED TO IN REPLY TO PARTS (a) & (b) OF UNSTARRED QUESTION
NO. 2608 ANSWERED IN THE LOK SABHA ON 17.03.2022**

ANNEXURE-IV**ANNEXURE REFERRED TO IN REPLY TO PART (d) OF UNSTARRED QUESTION NO. 2608
ANSWERED IN THE LOK SABHA ON 17.03.2022**

The details of generating capacity addition during the last three years and the current year.

YEAR	THERMAL (MW)	HYDRO (MW)	RENEWABLES (MW)	TOTAL (MW)
2018-19	5781.755	140.00	8760.52	14682.275
2019-20	6765.00	300.00	8843.34	15908.34
2020-21	4926.15	510.00	7548.11	12984.26
2021-22* (As on 28.02.2022)	3825.00	213.00	10573.21	14611.21

ANNEXURE REFERRED TO IN REPLY TO PART (d) OF UNSTARRED QUESTION NO. 2608 ANSWERED IN THE LOK SABHA ON 17.03.2022

The details of the measures taken to increase power production and improve the overall power situation:

- i. Thermal Projects totaling to 28460 MW are under construction in the country.
- ii. Presently, there are 36 nos. of Large Hydro Projects (above 25 MW) totaling to 12663.5 MW which are under implementation in the country. Out of which, 27 nos. of projects totaling to 11427.5 MW are under active construction and 9 nos. of projects totaling to 1236 MW are presently stalled.
- iii. Nuclear capacity amounting to 8700 MW are under construction capacity and 7000 MW nuclear power projects have been accorded Administrative Approval and Financial Sanction.
- iv. A total of 63,570 Ckm of transmission lines, 2,68,102 MVA of transformation capacity have been added in the country since FY 2018-19 till 28.02.22 for evacuation of power from Intra-State & Inter-State generating stations to load centres through Intra-State and Inter-State Transmission System (ISTS) and for strengthening of existing network to cater to the projected peak demand. Inter-regional capacity has also been increased by 25,800 MW since FY 2018-19 till 28.02.22. The increase in inter-regional transmission capacity would facilitate smooth flow of power from surplus to needy regions.

YEAR	Transmission lines in Ckm	Substations in MVA	IR Capacity in MW
2018-19	22,437	72,705	12,600
2019-20	11,664	68,230	3000
2020-21	16,750	57,575	3000
2021-22	12,719 *(till 28.02.22)	69,592 *(till 28.02.22)	7,200 *(till 28.02.22)
Total	63,570	2,68,102	25,800

- v. Ministry of Power has notified the “Revamped Distribution Sector Scheme: (RDSS)” on 20.07.2021 with an outlay of Rs.3,03,758 Crore and an estimated Gross Budgetary Support (GBS) from Central Government of Rs.97,631 Crore. The Scheme aims to reduce the AT&C losses to pan-India level of 12-15% and ACS-ARR gap to zero by 2024-25). Under the scheme, eligible DISCOMs (all State-owned Distribution companies and State /UT Power Departments excluding private Sector power companies) would be provided financial support for upgradation of the Distribution Infrastructure, Distribution Automation, IT intervention and implementation of SCADA/DMS & Smart Metering system for the Network as well as prepaid smart metering systems for consumers. This will facilitate various infrastructure Reforms in Distribution Sector. States/Utilities are taking action to submit the DPRs for seeking funding under the RDSS Scheme.

Additionally, as per the information provided by Ministry of New and Renewable Energy (MNRE), the Government has taken several measures for the promotion of renewable energy in the country. These inter-alia include:

- i. Permitting Foreign Direct Investment (FDI) up to 100 percent under the automatic route;
- ii. Waiver of Inter State Transmission System (ISTS) charges for inter-State sale of solar and wind power for projects to be commissioned by 30th June 2025;

- iii. **Laying of new transmission lines and creating new sub-station capacity for evacuation of renewable power;**
- iv. **Declaration of trajectory for Renewable Purchase Obligation (RPO) up to the year 2022;**
- v. **Setting up of RE parks to provide land and transmission to RE developers on a plug and play basis;**
- vi. **Schemes such as Pradhan Mantri Kisan Urja Surakshaevam Utthaan Mahabhiyan (PM-KUSUM), Solar Rooftop Phase II, 12000 MW CPSU Scheme Phase II, etc.;**
- vii. **Notification of standards for deployment of solar photovoltaic system/devices;**
- viii. **Setting up of Project Development Cell for attracting and facilitating investments;**
- ix. **Standard Bidding Guidelines for tariff based competitive bidding for procurement of Power from Grid Connected Solar PV and Wind Projects; and**
- x. **Government has issued orders that power shall be dispatched against Letter of Credit (LC) or advance payment to ensure timely payment by distribution licensees to RE generators.**

MINISTRY OF POWER
LOK SABHA
UNSTARRED QUESTION NO.2633
ANSWERED ON 17.03.2022**

SHORTAGE OF COAL TO POWER PLANTS

2633. SHRI KANUMURU RAGHU RAMA KRISHNA RAJU:

**Will the Minister of POWER
be pleased to state:**

- (a) whether power plants are facing shortage of coal;
- (b) if so, the details thereof and the reasons therefor during the last three years and the current year, plant and State-wise; and
- (c) the corrective steps being taken in this regard along with the losses being reported thereto?

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) & (b) : No, Sir. The coal stock available with the power plants monitored on daily basis in Central Electricity Authority (CEA) was 28.9 Million Tonnes (MT) as on 31.03.2021, which increased to 31.1 MT as on 16th June, 2021. However, with increased demand and some interruption in supply of coal by coal companies mainly due to heavy rains, the coal stock at the power plants depleted to 7.2 MT as on 8th October, 2021. Subsequently, with the concerted efforts of Ministry of Power (MoP), Ministry of Coal (MoC), CEA, Coal India Limited (CIL) & Railways, the coal stock has started increasing and as on 10.03.2022, has reached about 26.6 MT which is sufficient to run these power plants for an average of 10 days at 85% PLF.

The receipt and consumption of coal at the power plants in the country during last three years and current year are as under:

(Figs in MT)

Year	Domestic Coal Receipt	Imported Coal Receipt	Total Coal Receipt	Total Consumption
2018-19	582.1	61.7	643.7	628.9
2019-20	569.5	69.2	638.7	622.2
2020-21	550.8	45.5	596.3	615.4
2021-22 (Apr 21-Feb 22)	605.1	24.2	629.3	631.5

It can be seen that during last three years and current year (Apr-Feb'22), the receipt of coal was sufficient to meet the consumption except during 2020-21, wherein due to Covid-19 pandemic, power plants had requisitioned less coal and utilized the coal stock available with them.

.....2.

(c) : The Government has taken the following measures to increase the coal supply to power plants:

- (i) To address the issues of coal supplies to power sector, an Inter-Ministerial Sub Group comprising of representatives from Ministries of Power, Coal, Railways, CEA, CIL and Singareni Collieries Company Limited (SCCL) meet regularly to take various operational decisions to enhance supply of coal to thermal power plants as well as for meeting any contingent situations relating to Power Sector including to alleviate critical coal stock position in power plants.**
- (ii) Ministry of Power has constituted a Core Management Team (CMT) on 28.8.2021 with members from MoP, Railways, CEA, CIL, National Thermal Power Corporation (NTPC), Damodar Valley Corporation (DVC) and Power System Operation Corporation Limited (POSOCO) to ensure close monitoring of coal stocks at thermal power plants (TPPs) and operational decisions are being taken in CMT to augment supply of sufficient quantity of coal to the TPPs.**
- (iii) Recently, an Inter-Ministerial Committee comprising of Secretary (Coal), Secretary (Power), Secretary (Ministry of Environment, Forest and Climate Change (MoEF & CC)) and Chairman, Railway Board has been set up to review the situation on fortnightly basis to ensure adequate supply to power plants in the country.**
- (iv) To help the power plants in enhancing their coal stock, CIL has offered 5.2 MT coal in October, 2021 and 6 MT coal in December, 2021 from its various subsidiaries to State/Central Gencos for lifting through Rail cum Road (RCR)/Road mode.**
- (v) Government has issued revised coal stocking norms, which mandate the power plants to maintain sufficient stock at all times to meet any contingent situation.**
- (vi) Ministry of Power has advised power plants to import about 36 MT coal for blending during 2022-23 with a view to build sufficient coal stock at Power Plants.**

**GOVERNMENT OF INDIA
MINISTRY OF POWER
LOK SABHA
UNSTARRED QUESTION NO.2666
ANSWERED ON 17.03.2022**

ESTABLISHMENT OF NTPC PLANT

†2666. SHRI ASHOK KUMAR RAWAT:

**Will the Minister of POWER
be pleased to state:**

- (a) the date on which sanction was accorded for setting up of NTPC plant in village Dudwa Jamauli in Bilhaur Tehsil of Kanpur Nagar district under Misrikh Parliamentary Constituency of Uttar Pradesh and its cost of construction at that time;
- (b) the details of its cost of construction as on date;
- (c) the time limit fixed for completion of its construction work and the number of times it was extended and the details of the period of extension and the dates therefor;
- (d) the current status of the construction work of this plant and the time by which its construction work is expected to be completed; and
- (e) the reasons for the delay in its construction along with the details of authorities responsible for the same?

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) to (d) : There are 2 Solar Photovoltaic (PV) Projects of NTPC in Village Dudwa Jamauli in Bilhaur Tehsil of Kanpur Nagar district under Misrikh Parliamentary Constituency of Uttar Pradesh, the details of which are as under:

Project	Date of Sanction	Project Cost (Rs. in Cr.)	Scheduled Date of Commissioning	Remarks
Bilhaur 140 MW (Under Uttar Pradesh New and Renewable Energy Development Agency (UPNEDA) 500 MW Tender)	19.12.2018	635.55	Feb-2021	Commissioned, Commercial Operation Date (COD) is 18.01.2021
Bilhaur 85 MW (Under Uttar Pradesh New and Renewable Energy Development Agency (UPNEDA) 550 MW Tender)	27.02.2019	442.03	Apr-2021	Commissioned, COD is 08.04.2021

(e) : There was no delay in its construction and both the projects are operational.

**GOVERNMENT OF INDIA
MINISTRY OF POWER
LOK SABHA
UNSTARRED QUESTION NO.2671
ANSWERED ON 17.03.2022**

TARIFF HIKE BY DISCOMS

2671. SHRI ASADUDDIN OWAISI:

**Will the Minister of POWER
be pleased to state:**

- (a) whether the Government has asked electricity distribution companies (DISCOMs) to hike tariffs timely and adequately to cover their rising costs;**
- (b) if so, the details thereof;**
- (c) whether this direction by the Government to DISCOMs is likely to hit hard the consumers who are already reeling under high fuel prices;**
- (d) if so, the number of States who have issued tariff orders during 2021-22;**
- (e) the details of extent to which DISCOMs are facing cash crunch due to non-payment by States who are offering subsidies on power bills, poor billing and collection inefficiency; and**
- (f) the steps taken or being taken by the Union Government to ensure that consumers are not hit hard due to this direction and persuade States to pay their dues in time?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) to (c) : As per the Electricity Act 2003, the tariff for consumers are determined by State Electricity Regulatory Commissions and not by the Central Government. As per section 65 of the Electricity Act, the State Governments may give subsidy to any category of consumers by paying the subsidy amount in advance to distribution companies. Sections 61, 62 and 64 of the Electricity Act, 2003 provide for Tariff Regulations, Determination of Tariff and Procedure for tariff order respectively. The Electricity Act provides that the tariff for the retail sale of electricity should reflect the cost of supply. However, some of the States have wide gap between Average Cost of Supply and the Average Revenue Realized. A few State Commissions have been laggard in issue of timely tariff orders, issue of timely true-up orders, and multi-year tariff orders. Such a situation has led to the tariff not being cost reflective affecting the viability of distribution companies and also adversely affecting other companies in the value chain as generation and transmission companies.

Central Government has requested the State Commissions (i) to determine cost-reflective tariffs, and (ii) to issue tariff orders and true-up orders on a timely basis, in accordance with the provisions of the Electricity Act, 2003. If the State Government wants to keep the tariff low they may give whatever subsidy they deem fit.

(d) & (e) : Only 16 States/UTs have timely issued Retail Tariff order for FY 2021-22 i.e by 31.03.2021. Till date 29 States/UTs have issued Retail Tariff Orders for FY 2021-22. The details of ACS-ARR gap, subsidies, billing and collection efficiency are given at Annexure-I.

(f) : The following measures have been taken by Government of India to ensure financial viability of the Power Discoms:

1. As on 31.12.2021, the Government of India under Liquidity Infusion Scheme, Rural Electrification Corporation (REC) & Power Finance Corporation (PFC) have sanctioned Rs.1.35 lakh crore and disbursed Rs.1.03 lakh crore.

2. In order to alleviate the financial stress on the Discoms, Ministry of Power on 20.08.2020 advised the generating companies and transmission companies to levy Late Payment Surcharge at a rate not exceeding 1% per month for all payments made under the Liquidity Infusion Scheme of PFC and REC under Atmanirbhar Bharat.

3. The Government of India has allowed Distribution Companies to exit Power Purchase Agreements (PPAs) in cases of power plants which have completed 25 years from the date of commissioning (CoD) to reduce the Discoms burden of fixed costs. The introduction of Renewable Energy Bundling Mechanism for replacing thermal/hydro power, Green Day Ahead Market (GDAM) and Green Term Ahead Market (GTAM) are expected to help the Discoms in reducing their dues.

4. A Reforms-based and Results-linked, Revamped Distribution Sector Scheme having an outlay of Rs.3,03,758 crore with an estimated Gross Budgetary Support (GBS) from Central Government of Rs.97,631 crore has been launched. The scheme aims to reduce the AT&C losses at pan-India levels to 12-15% and ACS-ARR gap to zero by 2024-25. The release of funds under the scheme has been linked to Results and Reforms. The scheme allows States to adopt customized reform measures and plan infrastructure works to meet specific needs of the State with the approval of Government of India.

5. The Fifteenth Finance Commission (XV-FC) has recommended additional borrowing space of 0.50 per cent of Gross State Domestic Product (GSDP) to States for reforms undertaken by them in Power Sector from FY 2021-22 to FY 2024-25. States would be able to avail additional borrowings subject to fulfilment of entry conditions and evaluation criteria laid down by Ministry of Finance.

The entry level conditions among others include timely filing of tariff/ true-up petitions, issuance & implementation of tariff/ true-up orders, advance payment of subsidy by State Government in line with section 65 of the Electricity Act 2003; preparation of energy accounts on quarterly basis; compliance with LC mechanism etc. The evaluation under the scheme will be based on adoption of reform measures such as improvement in percentage of metered electricity consumption; percentage of subsidy payment through DBT; Reduction in AT&C Losses, ACS-ARR gaps and Cross Subsidy; timely payment of electricity bills by Government departments; putting Government offices on prepaid mode; and induction of innovative technologies.

6. The Central Government also supplements the efforts of the States through its various schemes including Deen Dayal Upadhyaya Gram Jyoti Yojana (DDUGJY), Integrated Power Development Scheme (IPDS) and Ujjwal Discom Assurance Yojana (UDAY) and Power System Development Fund (PSDF) to help them to achieve the objective of providing uninterrupted power supply to all households. The details are at Annexure-II.

ANNEXURE-I**ANNEXURE REFERRED TO IN REPLY TO PARTS (d) & (e) OF UNSTARRED QUESTION NO. 2671 ANSWERED IN THE LOK SABHA ON 17.03.2022**

As per the PFC annual publication 'Report on Performance of Power Utilities' for the years 2017-18 to 2019-20, ACS-ARR Gap on Tariff Subsidy received basis (excluding Regulatory Income and UDAY Grant) along with ACS and ARR as per report are given below:

National Level Figures	FY 2017-18	FY 2018-19	FY 2019-20
ACS (Rs./KWh)	5.50	6.00	6.15
ARR on Tariff Subsidy received basis (excluding Regulatory Income and UDAY Grant) (Rs./KWh)	4.99	5.31	5.55
ACS-ARR Gap on Tariff Subsidy received basis (excluding Regulatory Income and UDAY Grant) (Rs./KWh)	0.50	0.70	0.60

Details of Tariff Subsidy Billed (Rs. Cr.) and Tariff Subsidy Received (Rs. Cr.) are given below:

National Level Figures	FY 2017-18	FY 2018-19	FY 2019-20
Tariff Subsidy Billed (Rs. Cr.)	92,547	1,10,989	1,19,921
Tariff Subsidy Received (Rs. Cr.)	88,189	99,013	1,13,500

Details of Billing Efficiency, Collection Efficiency and AT&C Loss as per report are given below:

National Level Figures	FY 2017-18	FY 2018-19	FY 2019-20
Billing Efficiency (%)	83.07	83.91	85.36
Collection Efficiency (%)	94.50	93.26	92.64
AT&C Losses (%)	21.50	21.74	20.93

UNSTARRED QUESTION NO.2705
ANSWERED ON 17.03.2022**

ELECTRIFICATION OF VILLAGES

2705. SHRI DHARMENDRA KASHYAP:

**Will the Minister of POWER
be pleased to state:**

- (a) the details of number of villages or houses connected/yet to be connected with electricity line in the State of Uttar Pradesh, district-wise; and
- (b) the details of average number of houses for which electricity is provided in these villages?

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) & (b) : As reported by the State of Uttar Pradesh, all the inhabited un-electrified census villages across the State stand electrified on 28th April, 2018 under the scheme. Further, the Government of India launched Pradhan Mantri Sahaj Bijli Har Ghar Yojana – Saubhagya in October, 2017 with the objective to achieve universal household electrification by providing electricity connections to all un-electrified households in rural areas and all poor households in urban areas in the country. Under the scheme, as on 31.03.2021, all the States, including Uttar Pradesh have reported 100% electrification of all the willing un-electrified households, identified before 31.03.2019. A total of 2.817 crore households (including 91,80,571 households of Uttar Pradesh) were electrified since the launch of Saubhagya, upto 31.03.2021.

Based on the requests of States, sanction for electrification of 11,83,870 no. of additional households (including 3,34,652 households of Uttar Pradesh), which were unwilling earlier but now willing was given in July-August, 2021. State of Uttar Pradesh has provided an average of 15.82 hours of power supply in rural areas upto October during 2021-22.

**GOVERNMENT OF INDIA
MINISTRY OF POWER
LOK SABHA
UNSTARRED QUESTION NO.2717
ANSWERED ON 17.03.2022**

UNINTERRUPTED POWER SUPPLY TO ESSENTIAL ESTABLISHMENTS

2717. SHRI GIRISH CHANDRA:

**Will the Minister of POWER
be pleased to state:**

- (a) whether the Government has empowered the State Electricity Boards and private DISCOMs to provide uninterrupted power supply to essential establishments like hospitals, vital institutions, and police establishments etc.;**
- (b) if so, the details thereof;**
- (c) the effective steps taken by the Union Government to facilitate the State of Uttar Pradesh to meet its huge power requirements; and**
- (d) the quantum of funds allocated for the same during the last three years and the current year, year-wise?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) & (b) : As per the Electricity Act, 2003, it is the duty of a distribution licensee to develop and maintain an efficient coordinated and economical distribution system in its area of supply and to supply electricity to its consumers. Further, it is the function of the State Commission to specify and enforce standards with respect to quality, continuity and reliability of services by the distribution licensee. All distribution licensees, public or private, are required to supply power to their consumers. The essential loads like hospitals, vital institutions etc. are identified by the distribution licensees and the power is supplied to them under the oversight of the State Commission.

(c) : During the current year, UP has experienced peak demand of 24965 MW. Central Government has allocated 8715 MW as on 28.02.2022 from the Central generating stations to the State of Uttar Pradesh. In order to meet any shortfall in power supply, State may purchase electricity from other sources including power exchanges.

(d) : There is no fund allocation by the Central Government for purchase of electricity. However, funds have been given to UP under various schemes of Govt. of India for improvement in infrastructure and providing connection to the consumers. The details are at annexure.

**GOVERNMENT OF INDIA
MINISTRY OF POWER
LOK SABHA
UNSTARRED QUESTION NO.2720
ANSWERED ON 17.03.2022**

ACHIEVEMENTS OF EESL

2720. DR. ARVIND KUMAR SHARMA:

**Will the Minister of POWER
be pleased to state:**

- (a) whether achievements have been made by Energy Efficiency Services Limited (EESL) in increasing energy efficiency of the country's economy during the last three years and the current year;**
- (b) if so, the details thereof; and**
- (c) if not, the reasons therefor?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) to (c): Energy efficiency measures and clean energy programmes undertaken by Energy Efficiency Services Limited (EESL), a joint venture company of Public Sector Undertakings (PSUs) under the Ministry of Power, have resulted in electricity savings, reduction of CO₂ emissions and monetary savings on account of energy saved. The Programme-wise achievements of EESL during the last 3 financial years and the current year are given at Annexure.

ANNEXURE REFERRED TO IN REPLY TO PARTS (a) TO (c) OF UNSTARRED QUESTION NO. 2720 ANSWERED IN THE LOK SABHA ON 17.03.2022

1. Unnat Jyoti by Affordable LEDs for ALL (UJALA):

- During the last 3 Financial years (FY19, FY20, FY21), EESL has distributed about 7.4 crore LED bulbs across India. In the current financial year, EESL has distributed 7.54 lakh LED bulbs.
- In total, 36.79 crore LED bulbs have been distributed by EESL. This has resulted in an estimated energy savings of over 48 billion kWh per year which avoided peak demand of about 9,769 MW, GHG emission reduction of over 39 million t CO₂ per year and estimated annual monetary savings of about INR 19,300 crore in electricity bills of consumers.
- In addition, EESL has distributed 72.17 Lakh LED tube lights and 23.59 Lakh Energy Efficient fans under UJALA program till date.

2. Gram UJALA:

Under this programme, Incandescent Lamps (ICL) bulbs are replaced by efficient LED bulbs that consume 88% less electricity. The bulbs are being offered at Rs 10/bulb and rest of the cost is proposed to be recovered from Carbon Financing. Over 80.54 lakh LED bulbs have been distributed under Gram Ujala. This has resulted in an estimated energy savings of 1.15 billion kWh per year which avoided peak demand of about 317 MW, GHG emission reduction of 1.06 million t CO₂ per year and estimated annual monetary savings of INR 400 crore in electricity bills of consumers. 1 million LED Bulbs were distributed in a single day on National Energy Conservation Day, 14th December, 2021.

3. Street Lighting National Programme (SLNP):

- During the last 3 Financial years (FY19, FY20, FY21), EESL has installed over 62.2 lakh LED street lights in Urban Local Bodies (ULBs) and Gram Panchayats across India. In the current financial year, EESL has installed 7.94 lakh LED street lights.
- In total, EESL has installed about 1.23 crore LED street lights across India. This has resulted in an estimated energy savings of 8.33 billion kWh per year with avoided peak demand of about 1,387 MW, GHG emission reduction of 5.73 million t CO₂ per year and estimated annual monetary savings of INR 5,828 crore in electricity bills of municipalities.

4. Smart Meter Programme:

EESL with its JV IntelliSmart is currently doing Implementation of Smart Metering Program to significantly improve the billing and collection efficiencies of Distribution Companies (DISCOMs). Smart Meters will be the foundation for smart grid programme which will be crucial to meet challenges of the newly evolving energy mix and the target of providing uninterrupted 24x7 power supply to every Indian. EESL launched the smart meter program in 2017.

During the last 3 Financial Years, EESL has installed 16.5 lakh smart meters. In the current Financial year, EESL has installed 7.49 lakh smart meters.

5. Electric Vehicles:

During the last three financial years, 1,389 Electric cars have been deployed on road to 185 clients comprising various Government departments, both at Central and State level, PSUs, shared mobility operator etc. pan India. In the current financial year, 311 Electric cars which have been deployed on road by CESL (a wholly owned subsidiary of EESL).

CESL has installed 256 PCS during the last three years comprising Bharat Standard DC001 (15kW), High Capacity Fast DC Combo Chargers 142kW (CCS2.0+ CHAdeMO + AC Type II), Standalone CCS2 (50kW) and Bharat Standard AC001 (10kW). In the current financial year, EESL/CESL has installed 150 Public Electric Vehicle Charging Stations (PCS).

6. Decentralized Solar Power Plant Programme:

Project-wise progress: Progress of EESL/CESL's decentralised solar project is indicated below:

FY	Capacity Commissioned (MWp)	Plants Commissioned (Nos.)	Remarks
2018-19	13.97	16	Solar plant size ranging from 0.3 MW to 10 MW at a single location
2019-20	50.12	57	
2020-21	66.68	50	
2021-22	53	17	
Total	183.77 MWp	140	

7. Buildings Energy Efficiency Programme (BEEP):

- During the last 3 Financial years (FY19, FY20, FY21), EESL has completed retrofitting work in 7,739 buildings by replacing old appliances with Energy efficient appliances like LED bulbs/lights, Tube lights, Fans & Air Conditioners. In the current financial year, EESL has completed retrofitting work in 1,122 buildings.
- Energy Audits show energy saving potential to the tune of up to 30% in these buildings.

8. Agricultural Demand Side Management (AgDSM):

- During the last 3 Financial years (FY19, FY20, FY21), about 58,000 energy efficient pumps have been installed. In the current financial year, total 2,459 pumps have been installed by EESL.
- This has resulted in an estimated energy savings of 206 million kWh per year with avoided peak demand of about 38 MW, GHG emission reduction of 0.15 million t CO2 per year and estimated annual monetary savings of INR 103 crore in electricity bills of consumers.

**GOVERNMENT OF INDIA
MINISTRY OF POWER
LOK SABHA
UNSTARRED QUESTION NO.2729
ANSWERED ON 17.03.2022**

INCREASE IN DEMAND FOR ENERGY

2729. SHRI FEROZE VARUN GANDHI:

**Will the Minister of POWER
be pleased to state:**

- (a) whether the Government has assessed the increase in demand for energy from the mining of digital currencies including cryptocurrencies;**
- (b) if so, the details thereof;**
- (c) whether the demand for power from mining is expected to grow in the current year and if so, the details thereof;**
- (d) whether the Government is adequately equipped to meet this increased demand; and**
- (e) if so, the details thereof?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) to (e) : The Central Electricity Authority (CEA) conducts Electric Power Survey (EPS) of the country every five years for estimating the electricity demand of the country on medium and long term basis as obligated under Section 73(a) of the Electricity Act-2003.

The Electricity demand projection has been carried out for consumer categories like domestic, commercial, public lighting, public water works, irrigation, industrial railways, bulk supply and others.

The demand for energy from mining of the digital currencies including cryptocurrencies may be met within the overall demand projection under EPS. It may be noted that the actual demand is less than the projected demand in EPS. Therefore, any additional demand due to such new commercial/industrial activities shall get served within the overall energy projection given in EPS.

MINISTRY OF POWER
LOK SABHA
UNSTARRED QUESTION NO.2740
ANSWERED ON 17.03.2022**

UNIFORM ELECTRICITY PRICING

2740. DR. SANJAY JAISWAL:

**Will the Minister of POWER
be pleased to state:**

- (a) the details of the current mechanism used to determine the rate of electricity borne by the end consumer, both residential and commercial;**
- (b) whether the Government provides subsidy on electricity to backward States like Bihar;**
- (c) if so, the details of such subsidies provided during the last three years and the current year;**
- (d) whether the Government proposes to implement Uniform Electricity Pricing throughout the country and if so, the details thereof;**
- (e) whether the Government has estimated the total savings that can be achieved through Uniform Electricity Pricing and if so, the details thereof;**
- (f) whether renewable sources of electricity would also be a part of Uniform pricing; and**
- (g) if so, the details thereof?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) : As per the provisions of the Electricity Act, 2003, the State Electricity Regulatory Commission determines the electricity tariff for retail sale of electricity to end consumers. Section 61 of the Electricity Act, 2003 and the Tariff Policy provide the guiding principles for determination of tariff.

(b) & (c) : Section 61(g) of the Electricity Act, 2003 provides that the Appropriate Commission shall be guided by the objective that the tariff progressively reflects the efficient and prudent cost of supply of electricity. The State Governments can give subsidy to the extent they consider appropriate as per the provisions of section 65 of the Act which inter-alia requires State Governments to compensate Discoms for the same.

(d) to (g) : The tariff determination is done by the Appropriate Commission as per the provisions of the Electricity Act, 2003 and the Tariff Policy. Section 62(3) of the Electricity Act, 2003 provides that the Appropriate Commission shall not, while determining the tariff under this Act, show undue preference to any consumer of electricity but may differentiate according to the consumer's load factor, power factor, voltage, total consumption of electricity during any specified period or the time at which the supply is required or the geographical position of any area, the nature of supply and the purpose for which the supply is required. Accordingly, the retail tariffs are determined by the State Commissions.

At present there is no proposal to implement uniform electricity pricing through out the country. However, Government is promoting competition through Power Exchanges. The uniform tariff is discovered on the Power Exchanges for a specific time block of the day. Accordingly, to this extent, for the power procured by the distribution utilities from Power Exchanges the price of electricity remains uniform, except in case of market splitting.

MINISTRY OF POWER
LOK SABHA
UNSTARRED QUESTION NO.2751
ANSWERED ON 17.03.2022**

IMPLEMENTATION OF UDAY

2751. SHRIMATI RAJASHREE MALLICK:

**Will the Minister of POWER
be pleased to state:**

- (a) the number of villages that have been electrified under Deen Dayal Upadhyaya Gram Jyoti Yojana (DDUGJY) , State- wise including districts of Odisha;**
- (b) the number of households electrified under the said yojana, State -wise including Jagatsinghpur district of Odisha;**
- (c) the number of States which have adopted Ujwal DISCOM Assurance Yojana (UDAY) to help converting DISCOMs into profit-making bodies; and**
- (d) the current status of the implementation of UDAY in different States?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) : The Government of India launched the Deendayal Upadhyaya Gram Jyoti Yojana (DDUGJY) in December, 2014 for rural electrification works across the country. As reported by the States, all the inhabited un-electrified villages as per census 2011 stand electrified on 28th April, 2018 across the country under DDUGJY. A total of 18,374 villages were electrified under the scheme. State-wise number of inhabited un-electrified census villages electrified across the country including Odisha State, are at Annexure-I.

(b) : State-wise details of BPL Households covered under DDUGJY from 2015 to 2019 are at Annexure-II. A total of 84,242 households (81088 BPL and 3154 APL households have been electrified under DDUGJY (including RE) in Jagatsinghpur district of Odisha.

(c) : Ujwal DISCOM Assurance Yojana (UDAY), a scheme for financial turnaround of Power Distribution Companies (DISCOMs) was launched by the Government on 20-11-2015 with the objective to improve operational and financial efficiency of the State DISCOMs. A total of 32 States / UTs joined UDAY Scheme out of which 16 States i.e. Assam, Andhra Pradesh, Bihar, Chhattisgarh, Haryana, Himachal Pradesh, Jammu & Kashmir, Jharkhand, Madhya Pradesh, Maharashtra, Meghalaya, Punjab, Rajasthan, Tamil Nadu, Telangana & Uttar Pradesh signed UDAY MoUs for Operational as well as Financial turnaround while the rest of the States/ UTs joined for only operational turnaround. UTs of Jammu & Kashmir and Ladakh have been counted as one State only as the signed UDAY MOU is for single State. States / UTs of Odisha, West Bengal, Delhi & Chandigarh did not join the scheme.

(d) : UDAY was launched with an overall aim of operational and financial turnaround of State owned Distribution Utilities (DISCOMs) through efficiency improvements and financial restructuring in Generation, Transmission and Distribution Sectors. As a result, State Power Distribution Utilities have reported an overall improvement which include (i) Reduction in Aggregate Technical & Commercial (AT&C) losses from 23.70% in FY 16 to 20.93% in FY 20 and (ii) Reduction of Average Cost of Supply (ACS) – Average Revenue Realised (ARR) gap from Re.0.48 per kWh in FY 16 to Re.0.30 per kWh in FY 20. The details of the performance of the States on AT&C loss and ACS-ARR gaps are enclosed as Annexure-III and Annexure-IV respectively.

**GOVERNMENT OF INDIA
MINISTRY OF POWER
LOK SABHA
UNSTARRED QUESTION NO.2752
ANSWERED ON 17.03.2022**

ELECTRIFICATION OF HOUSEHOLDS UNDER SAUBHAGYA

†2752. SHRI UDAY PRATAP SINGH:

**Will the Minister of POWER
be pleased to state:**

- (a) the details of the steps taken by the Government to electrify all the houses in the country under Pradhan Mantri Sahaj Bijli Har-Ghar Yojana (SAUBHAGYA), State/UT-wise;**
- (b) whether the Government is selecting the beneficiaries for free electricity connection under the said yojana through the Socio-Economic and Caste Census (SECC)-2011;**
- (c) if so, the details of the intended beneficiaries, State-wise;**
- (d) the action plan/yojana of the Government to electrify those households which could not figure in the SECC list; and**
- (e) the quantum of funds allocated and utilised for Madhya Pradesh under the said yojana during the last three years and the current year?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) : Government of India launched the Pradhan Mantri Sahaj Bijli Har Ghar Yojana – Saubhagya in October, 2017 with the objective to achieve universal household electrification for providing electricity connections to all un-electrified households in rural areas and all poor households in urban areas in the country. The Steps taken by the Government are as under:

- i. Launching of Saubhagya, Strategy Formulation workshops in the States to give impetus to quick start the programme.**
- ii. Establishing camps in villages/ cluster of villages wherein public representatives (MLAs, MPs, Gram Pradhans) for creating awareness amongst public at large and for on spot registration.**
- iii. Infrastructure Support-Additional Infrastructure worth Rs.14,270 Crore for electrification of households under Saubhagya, adequate funding provided to the States by Government of India.**
- iv. Communication plan, 24*7 ‘One nation One number’ toll-free helplines 1912, 1800-121-5555, special campaign ‘Saubhagya Rath’ for creating awareness and all media options viz. print media, radio, television, social media (Facebook, twitter etc.).**

- v. Flexibility to States in mode of implementation (Departmental/Turnkey/Semi-turnkey).
- vi. A comprehensive Web portal '*saubhagya.gov.in*' developed and DISCOMs were provided access for updating of progress on the portal for day-to-day monitoring.
- vii. Coordination with Indian Electrical & Electronics Manufacturers' Association (IEEMA) to ensure speedy supply for completion of targets.
- viii. To facilitate availability of adequate skilled manpower with requisite skill, coordination with Ministry of Skill Development and Entrepreneurship (MSDE) for training the workforce.
- ix. More than 350 Engineers viz. Gram VidutAbhiyantas (GVAs) were deployed in monitoring and the expeditious implementation of projects.
- x. Helicopters and support from the Indian Railways were instrumental in transporting the essential goods to the unexplored geographies.
- xi. Monitoring & Reviews at all levels of the Government with the States and Distribution utilities.

(b) to (d): The prospective beneficiary households for free electricity connections under the scheme were identified using Socio Economic Caste Census (SECC) 2011 data so that all economically poor households can be benefited under this scheme.

Since the scheme envisages universal household electrification, any un-electrified households not found eligible as per SECC data had also been provided electricity connection. For such households, an amount of Rs.500 per household for release of connection was to be recovered by the DISCOMs/Power Departments in ten (10) installments of Rs. 50 each, along with electricity bills. Under Saubhagya scheme, as on 31.03.2021, all the States have reported 100% electrification of all the willing un-electrified households and total 2.86 crore households excluding SECC beneficiaries have been electrified since the launch of Saubhagya. State-wise details are present in Annexure.

(e) : The quantum of funds released and utilised for Madhya Pradesh under Saubhagya Scheme during the last three years and the current year are as follows:

Rs. in Crore					
Grant Released to the Madhya Pradesh State under Saubhagya					
2018-19	2019-20	2020-21	2021-22 (as on 31.01.2022)	Total	Utilized
147.1	-	6.3	88.6	242.0	100%

- (f) if so, the details thereof?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) & (b) : The Government of India announced privatization of Power Departments & Utilities in Union Territories (UTs), including Dadra & Nagar Haveli (DNH) and Daman & Diu (DD) under Aatma Nirbhar Bharat Abhiyan. The decision is guided with the objective of providing better services to consumers with improvement in operational and financial efficiencies in electricity distribution. The Government's decision to privatize electricity Distribution in DNH and DD has been conveyed on 25.11.2021.

(c) & (d) : Electricity distribution is a regulated business and applicable tariffs to be charged by a distribution company from various category of consumers is decided by the concerned State Electricity Regulatory Commission and not by the Distribution Utility. State Governments have discretion to provide unit-wise subsidies in the tariffs for various categories of consumers, including the poor, tribals and Industrial consumers.

(e) & (f) : The transfer of the personnel from the Electricity Department/Utility of the UT to the new Company is subject to the provisions contained in Section 133 of the Electricity Act, which provide that the terms and conditions of the services applicable to the Personnel on transfer shall not in any way be less favourable than or inferior to those applicable to them immediately before the Transfer Date.
