STARRED QUESTION NO.170
ANSWERED ON 28.07.2022**

SHORTAGE OF ELECTRICITY

***170. SHRIMATI SAJDA AHMED:**

**Will the Minister of POWER
be pleased to state:**

- (a) whether the country is going through an acute shortage of electricity;**
- (b) if so, the details thereof along with the steps taken by the Government to restore normalcy of demand and supply of electricity; and**
- (c) the details of the strategy adopted by the Government to eliminate the gap between the unit cost of power supply and price realization?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) to (c) : A Statement is laid on the Table of the House.

STATEMENT REFERRED TO IN REPLY TO PARTS (a) TO (c) OF STARRED QUESTION NO. 170 ANSWERED IN THE LOK SABHA ON 28.07.2022 REGARDING SHORTAGE OF ELECTRICITY

(a) & (b) : At present there is adequate installed capacity for generation in the country. As on 30.06.2022, the installed generation capacity of India is 403.76 Giga Watt (GW) which is sufficient to meet the Peak Power Demand of the country of around 215.89 Giga Watt (GW) which had occurred in the month of April, 2022 during the current year 2022-23 (period April, 2022 to June, 2022). The details of All India Power Supply Position for the months of April, 2022 to June, 2022 as compared to the corresponding months of 2021, are given at Annexure.

(c) : The Central Government had launched Ujwal DISCOM Assurance Yojana (UDAY) in November, 2015 with the objective of financial and operational turnaround of the State owned Power Distribution Companies (DISCOMs), wherein one of the operational parameters to be targeted was reduction in gap between Average Cost of Supply (ACS) & Average Revenue Realised (ARR) to zero.

UDAY completed its term in 2019. As per the Report of Power Finance Corporation (PFC) on Performance of Power Utilities 2019-20, the All India Gap of ACS(Rs./kWh) and ARR (Rs./kWh) during 2015-16 was 0.48 when the UDAY was launched vis-à-vis during 2019-20 was Rs.0.30/kWh

Also, to bring reforms in Distribution Sector, the Central Government has launched a new Reforms-based and Results-linked, Revamped Distribution Sector Scheme (RDSS) in July 2021 with the objective of improving the quality and reliability of power supply to consumers through a financially sustainable and operationally efficient Distribution Sector in the country. The scheme inter alia aims to reduce the pan-India level of ACS-ARR gap to zero by 2024-25. The scheme focuses on comprehensive metering based on smart meters systems in order to improve billing and collection efficiency. Funds are available for undertaking loss reduction measures on priority. The scheme also has mandatory pre-qualifications relating to timely payment of due amounts from the State Government regularly.

ANNEXURE**ANNEXURE REFERRED TO IN REPLY TO PARTS (a) & (b) OF UNSTARRED QUESTION NO. 170 ANSWERED IN THE LOK SABHA ON 28.07.2022**

STARRED QUESTION NO.173
ANSWERED ON 28.07.2022**

GRAM UJALA PROGRAMME

***173. SHRI LAVU SRI KRISHNA DEVARAYALU:
SHRI MAGUNTA SREENIVASULU REDDY:**

**Will the Minister of POWER
be pleased to state:**

- (a) the details of the States in which the Gram Ujala Programme has been implemented/proposed to be implemented;**
- (b) whether Vijayawada has been identified for the launch of the first phase of Gram Ujala Programme;**
- (c) if so, the details thereof along with the outcome of above intervention with particular reference to Andhra Pradesh;**
- (d) the steps taken/being taken to generate awareness about the programme amongst beneficiaries;**
- (e) whether the Government proposes to launch the second phase of the Gram Ujala Programme; and**
- (f) if so, the details thereof along with the time by which it is likely to be launched?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) to (f) : A Statement is laid on the Table of the House.

STATEMENT

STATEMENT REFERRED TO IN REPLY TO PARTS (a) TO (f) OF STARRED QUESTION NO. 173 ANSWERED IN THE LOK SABHA ON 28.07.2022 REGARDING GRAM UJALA PROGRAMME

(a) : Gram Ujala Programme has been implemented by Convergence Energy Services Limited (CESL) in the States of Uttar Pradesh, Bihar, Andhra Pradesh, Karnataka and Telangana on a pilot basis.

(b) & (c) : Under Gram Ujala Programme by CESL, the rural areas of Kurnool, Kadapa, Chittoor and Guntur Districts of Andhra Pradesh were indentified for implementation.

(d) : Various awareness activities were carried out by CESL/authorized agencies for the usage of LED bulbs amongst beneficiaries such as local/national media outreach, information, dissemination through radio/TV and other modes of media like banners, posters, leaflets etc.

(e) & (f) : Expansion of Gram Ujala by CESL would depend upon the success of the pilot phase in terms of financial viability.

STARRED QUESTION NO.174
ANSWERED ON 28.07.2022**

ELECTRIFICATION PROJECTS UNDER SAUBHAGYA

†*174. SHRI VIJAY KUMAR DUBEY:

**Will the Minister of POWER
be pleased to state:**

- (a) the details of the electrification projects undertaken/implemented under the Pradhan Mantri Sahaj Bijli Har Ghar Yojana-Saubhagya across the country, State-wise;**
- (b) whether the Government proposes to launch any scheme/yojana to provide electricity to the population living in Majras-Tolas and in streets/lanes under Phase-III of the said yojana in Uttar Pradesh and if so, the details thereof;**
- (c) whether the Government also proposes to change shabby poles and wires to enhance the capacity thereof; and**
- (d) if so, the details thereof along with the time by which the said works are likely to be carried out?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) to (d) : A Statement is laid on the Table of the House.

STATEMENT REFERRED TO IN REPLY TO PARTS (a) TO (d) OF STARRED QUESTION NO. 174 ANSWERED IN THE LOK SABHA ON 28.07.2022 REGARDING ELECTRIFICATION PROJECTS UNDER SAUBHAGYA

(a) : The Government of India launched Pradhan Mantri Sahaj Bijli Har Ghar Yojana – Saubhagya in October, 2017 with the objective to achieve universal household electrification, by providing electricity connections to all un-electrified households in rural areas and all poor households in urban areas in the country. Under the aegis of Saubhagya, as on 31.03.2019, all willing households were reported electrified by the States, except 18,734 households in Left Wing Extremists (LWE) affected areas of Chhattisgarh. Subsequently, seven States namely Assam, Chhattisgarh, Jharkhand, Karnataka, Manipur, Rajasthan and Uttar Pradesh had reported that around 19.09 lakh un-electrified households, identified before 31.03.2019, which were unwilling earlier but later expressed willingness to get electricity connection. This was also sanctioned. All these seven States had reported 100% households' electrification as on 31.03.2021. A total of 2.817 crore households were electrified since the launch of Saubhagya, up to 31.03.2021.

Thereafter some States reported 11.84 lakh households remained to be electrified. These were also sanctioned, against which, 4.34 lakh households have been electrified. Accordingly, till date, a total 2.86 crore households have been electrified. State-wise details are at Annexure.

(b) to (d) : While fresh arising of new households and upgradation/augmentation of networks is a continuous process and electrification of such households is expected to be taken care of by the Distribution Utilities, the Government of India stands committed to help the States electrify all households identified before Saubhagya. In this respect, the Government of India has recently issued guidelines for their electrification under the Revamped Distribution Sector Scheme (RDSS). The following framework would be followed in case of receipt of Household electrification proposals is so far as funding from the Government of India is concerned:

(i) Only cases of un-electrified households (prior to Saubhagya) identified before 31-03-2019 would be considered for funding under RDSS with the following stipulations:

- Last mile connectivity i.e. the service connections downstream from the pole, shall be carried out by the DISCOMs and the States through their own means, as the same is not under the purview of RDSS. However, cost of Smart Prepaid Meters can be funded under RDSS as per the scheme guidelines.
- Sanctions can be considered under RDSS for only network augmentation to cater to the requirement of Household electrification upto the extent of electric pole, with the cap of a project cost of Rs.50,000/- per household. While the cost of the project could be higher, costs higher than Rs.50,000/- per household would be borne by the States from their own resources.

(ii) Since there is no Off-grid and last mile provision under RDSS, only grid connected works shall be undertaken.

ANNEXURE

ANNEXURE REFERRED TO IN PART (a) OF THE STATEMENT LAID IN REPLY TO STARRED QUESTION NO. 174 ANSWERED IN THE LOK SABHA ON 28.07.2022 REGARDING ELECTRIFICATION PROJECTS UNDER SAUBHAGYA

State-wise electrification of households since launch of Saubhagya Scheme / Additional Sanction and Achievement under DDUGJY

**GOVERNMENT OF INDIA
MINISTRY OF POWER
LOK SABHA
UNSTARRED QUESTION NO.1865
ANSWERED ON 28.07.2022**

OUTSTANDING DUES OF DISCOMS

**1865. SHRI NITESH GANGA DEB:
SHRI ASADUDDIN OWAISI:**

**Will the Minister of POWER
be pleased to state:**

- (a) whether it is a fact that the State owned power distribution companies (DISCOMs) in the country have an outstanding dues of about Rs. 1.18 lakh crores to the power generation companies at present;**
- (b) if so, the details of the outstanding dues, State-wise;**
- (c) whether power generating companies have moved to Supreme Court to recover their dues from DISCOMs;**
- (d) if so, the directions issued by the Supreme Court to the power utilizing and distribution companies alongwith the steps taken/being taken by the Union Government to pursue with the State Governments to clear their dues who are also availing power from national grid;**
- (e) whether the Union Government has any proposal of liquidation scheme for State electricity distribution companies for paying their outstanding dues to power generation companies; and**
- (f) if so, the details thereof?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) & (b) : As per data provided by the power sector Generating companies, on the PRAAPTI Portal, total overdues of DISCOMs towards Central Power Generation Stations, Independent Power Producers (IPPs) and Renewable Energy (RE) Generators as on 12.07.2022 are Rs.109948 Cr. The details are placed at Annexure.

(c) to (f) : In wake of delays of payment by DISCOMs and payments arising out of Change in Law, a few Generating Companies have won cases against the DISCOMs in Supreme Court.

Recognizing the cash flow problems arising out of outstanding receivables of Generating Companies from DISCOMs and in order to increase basic payment discipline in the power sector value chain, sustenance of which has been matter of concern due to increasing receivables to Gencos, recently, Government of India promulgated Electricity (Late Payment Surcharge and Related Matters) Rules, 2022 on 3rd June, 2022. These rules entail obligations upon the DISOCMs to clear their legacy dues as existing on 03.06.2022 in a time bound phased manner in equated monthly installments with benefits of non applicability of late payment surcharge after 03.06.2022. These rules also provide framework for time bound clearance of current dues through establishment of a Payment Security Mechanism and disincentives of progressive withdrawal of open access as well as power regulations if the provisions of the Rules are not followed.

The Ministry of Power has also relaxed the Additional Prudential norms of PFC limited and REC limited to allow them to lend to the Utilities seeking financial assistance to clear their legacy dues in line with Rules above within the overall lending frameworks prevalent in the country.

**GOVERNMENT OF INDIA
MINISTRY OF POWER
LOK SABHA
UNSTARRED QUESTION NO.1874
ANSWERED ON 28.07.2022**

INCREASED DEMAND FOR POWER

1874. SHRI SUBBARAYAN K.:

**Will the Minister of POWER
be pleased to state:**

- (a) whether it is a fact that the power utilities in most of the States have struggled to meet the increased demand for power during the month of April this year due to surging heat wave and shortage of coal;**
- (b) if so, the details thereof;**
- (c) the reasons for the said crisis during this period; and**
- (d) the remedial measures taken/being taken by the Government to maintain the supply of coal to thermal power plants in the country?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) to (c) : The details of All India Power Supply Position for the months of April, 2022 to June, 2022 as compared to the corresponding months of 2021 are given at Annexure-I.

As per information furnished by Central Electricity Authority (CEA), there was a growth of 12.8% in Energy Supplied during the month of April, 2022, as compared to April, 2021 and, there has been an increase of 14.7% in the Energy Requirement on All India basis in April, 2022, vis-à-vis April, 2021, which has resulted in a gap of 2.0% between Energy Requirement and Energy Supplied in April, 2022. The gap between energy demand and supply is generally on account of factors other than inadequacy of power availability in the country e.g. constraints in distribution network, financial constraints, commercial reasons, forced outage of generating units etc

The gap between Energy Requirement and Energy Supplied had been reduced considerably from the level of 2.0% during April, 2022, to 0.4% and 0.6% during the months of May, 2022 and June, 2022 respectively, despite the significant increase in Energy Requirement during these months as compared to the corresponding months of May, 2021 and June, 2021.

Further, the coal stock available in the power plants of the country monitored in Central Electricity Authority (CEA) on daily basis was about 25.6 Million Tonnes (MT) as on 31.03.2022. The stock depleted to 21.9 MT as on 30.04.2022 but has increased during the months of May, 2022 and June, 2022 and has now reached 28.7 MT as on 21.07.2022, which is sufficient for an average of 10 days at a requirement of 85% Plant Load Factor (PLF).

(d) : The steps taken by Central Government for meeting the increased power demand are given at Annexure-II.

ANNEXURE-I**ANNEXURE REFERRED TO IN REPLY TO PARTS (a) TO (c) OF UNSTARRED QUESTION NO. 1874 ANSWERED IN THE LOK SABHA ON 28.07.2022**

ANNEXURE-II

ANNEXURE REFERRED TO IN REPLY TO PART (d) OF UNSTARRED QUESTION NO. 1874 ANSWERED IN THE LOK SABHA ON 28.07.2022

The following steps have been taken by the Central Government for meeting the increased power demand:

- (i) An Inter-Ministerial Sub Group comprising of representatives from Ministry of Power, Ministry of Coal, Ministry of Railways, Central Electricity Authority (CEA), Coal India Limited (CIL) and Singareni Collieries Company Limited (SCCL) meet regularly to take various operational decisions to enhance supply of coal to thermal power plants as well as for meeting any contingent situations relating to Power Sector including to alleviate critical coal stock position in power plants.**
- (ii) For augmentation of coal supply and power generation capacity, a Secretary level Inter- Ministerial committee has been set up to ensure that the medium and long term requirements of coal are met. The IMC comprises of Chairman Railway Board, Secretary, Ministry of Coal, Secretary, Ministry of Environment Forests and Climate Change as members and Secretary, Ministry of Power as convener.**
- (iii) Ministry of Power has advised power plants to maintain adequate coal in their power plant to meet the demand of electricity.**
- (iv) There are 20 Thermal power projects (39 Nos. units) of aggregate capacity 27,550 MW which are under construction in the country. Further, 36 Hydro Electric Projects (above 25 MW capacity) totaling to 14103.5 MW are also being implemented in the country.**
- (v) Nuclear Power Plants of 8,700 MW of capacity are under construction and 7000 MW of Nuclear power plants have been accorded Administrative Approval and Financial Sanction.**

- (b) whether the Government is aware of the fact that the said funds are not being spent in needy districts and spent somewhere else;**
- (c) if so, the details thereof and the reasons therefor along with the effective steps taken thereon;**
- (d) whether requests from people's representatives have been received by Chairpersons of NTPC Ltd., Power Grid Corporation Ltd., Rural Electrification Corporation Ltd. and NHPC to allocate funds from CSR fund for Misrikh Parliamentary Constituency and if so, the details thereof and the action taken in this regard; and**
- (e) whether Power Sector PSUs are still left with the CSR funds and if so, the details thereof?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

- (a) : The details of the funds spent under Corporate Social Responsibility (CSR) by PSUs under Ministry of Power during the last five years are given at Annexure-I and State, district and project-wise are given at Annexure-II.**

(b) & (c) : The funds are spent by Public Sector Undertakings (PSUs) under the control of Ministry of Power as per the Guidelines on Corporate Sector Responsibility (CSR) for PSUs issued on 9th April, 2010 by Department of Public Enterprises (DPE). The CSR funds are utilized/spent for carrying CSR activities in the immediate vicinity of project areas.

(d) : Two requests from Shri Ashok Kumar Rawat, Hon'ble Member of Parliament (Lok Sabha) dated 24.02.2021 and Nil dated have been received by Chairman, NTPC to allocate funds under CSR for Misrikh Parliamentary Constituency. NTPC has replied vide letter dated 05.10.2021 and 07.07.2022 to Hon'ble Member of Parliament informing that NTPC has extended support for installation of energy efficient pump system and unable to support for setting up of high mast light and RO plant.

(e) : PSUs under Ministry of Power have allocated funds under CSR activities for the current financial year except Power Finance Corporation (PFC) with the balance amount of Rs. 80 Crores.

ANNEXURE-I**ANNEXURE REFERRED TO IN REPLY TO PART (a) OF UNSTARRED QUESTION NO. 1886 ANSWERED IN THE LOK SABHA ON 28.07.2022**

The details of the funds spent under Corporate Social Responsibility (CSR) of various power sector PSUs during the last five years are as under:

(in crores)

UNSTARRED QUESTION NO.1916
ANSWERED ON 28.07.2022**

ENERGY SUPPLY GRID

1916. DR. SUJAY RADHAKRISHNA VIKHEPATIL:

DR. HEENA GAVIT:

PROF. RITA BAHUGUNA JOSHI:

DR. SHRIKANT EKNATH SHINDE:

DR. KRISHNA PAL SINGH YADAV:

**Will the Minister of POWER
be pleased to state:**

- (a) whether the Government has conducted any study to identify the vulnerabilities of the energy supply grid in the country during the last three years and the current year;**
- (b) if so, the details thereof and if not, the reasons therefor, State/UT-wise;**
- (c) whether the Government has carried out any investigation in this regard along with the measures taken/being taken to ensure the safety of the powergrids from cyber-attacks in future; and**
- (d) if so, the details thereof and if not, the reasons therefor, State/UT-wise?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) to (d) : Ministry of Power vide order No. 9/16/2016-Trans dated 05.08.2019 had constituted a committee to examine whether the presence of some of the equipment of foreign make in the transmission System makes it vulnerable particularly for the perspective of security of the grid. Further, MoP vide order No. 9/16/2016-Trans dated 03.02.2020 constituted Group of Officers (GOO) to study contractual and related legal issues in Cyber Supply Chain Mechanism.

Based on various recommendations, various measures have been taken by the Central Government to ensure the safety of the Indian power grids from cyber-attacks which are given at Annexure.

ANNEXURE REFERRED TO IN REPLY TO PARTS (a) TO (d) OF UNSTARRED QUESTION NO. 1916 ANSWERED IN THE LOK SABHA ON 28.07.2022

- (i) Under the provisions of section 70A of the Information Technology (IT) Act, 2000, the Central Government has established National Critical Information Infrastructure Protection Centre (NCIIPC) for protection of critical information infrastructure in the country. NCIIPC provides near real-time threat intelligence and situational awareness based on which regular alerts and advisories are sent to Critical Information Infrastructure (CII)/ Protected System (PS) entities.
- (ii) Government of India, under the provisions of section 70B of the Information Technology Act, 2000, has established the Indian Computer Emergency Response Team (CERT-In) and designated as the national agency for responding to cyber security incidents. CERT-In is operating an automated cyber threat exchange platform for proactively collecting, analyzing and sharing tailored alerts with Power Sector Utilities for proactive threat mitigation actions by them.
- (iii) CERT-In is operating the Cyber Swachhta Kendra (CSK) (Botnet Cleaning and Malware Analysis Centre). The CSK is providing free tools developed in collaboration with industry and research institutions for detection and removal of malicious code and securing computers and mobile devices. MoP has mandated all power Sector utilities to on board CSK of CERT-In. Regular alerts and advisories regarding latest cyber threats/vulnerabilities and include the details of MoP order dated 02.09.2020 of counter measures to protect networks are issued on regular basis.
- (iv) Central Electricity Authority has recently issued CSPS (Cyber Security in Power Sector), Guidelines, 2021 detailing the mandatory requirements e.g.
 - a. Cyber Security Audit of IT and OT system by the CERT-In empanelled auditors once in every six months.
 - b. Critical Information Infrastructure (CIIs) to be identified in co-ordination with NCIIPC.
 - c. Cyber Crisis Management Plan (CCMP) to be prepared and vetted by CERT-In
 - d. Implementation of ISMS/ISO 27001.
 - e. Cyber security mock drills to be conducted regularly
 - f. Cyber Security training from the Training Institutes designated by CEA for all IT/OT personnel
- (v) Ministry of Power had constituted six Sectoral CERTs namely CERT-Thermal, CERT-Hydro, CERT-Transmission, CERT-Distribution, CERT-Grid Operation and CERT-Renewable Energy to coordinate and monitor the cyber security issues with concerned power utilities. These sectoral CERTs monitor the implementation of various Cyber security measure as mandated in CEA (Cyber Security in Power Sector), Guidelines, 2021.

- (vi) **MoP has setup up a dedicated body i.e. Computer Security Incident Response Team (CSIRT) for Power sector to be housed at CEA.CSIRT will coordinate and support the response to cyber security incidents. It will provide services and support to its constituent utilities for preventing, detecting, handling, and responding to cyber security incidents CSIRT-Power will help to mitigate and prevent major incidents and to protect valuable assets and deliver services effectively. For proper functioning of CSIRT-Power, a Security Operation Center (SOC) is envisaged.**
- (vii) **To ensure cyber security during procurement of Information and Communication Technologies (ICT) based component/equipment/system for use in Power Supply System, a scheme for identification of Trusted Sources and Trusted Vendor is envisaged.**
- (viii) **CERT-In conducts regular training programmes for *Chief Information Security Officers (CISOs)* of all utilities of Power Sectors for securing the Information Technology (IT) and Operational Technology (OT) infrastructure and mitigating cyber-attacks. Cyber security mock drills in co-ordination with CERT-In are being conducted regularly in utilities of Power Sectors.**
- (ix) **Curriculum for Basic, Intermediate advance level cyber security has been worked out by Central Electricity Authority(CEA) and National Power Training Institute (NPTI) and courses are being conducted regularly at NPTI for all load dispatchers of Regional Load Despatch Centres (RLDCs) and State Load Despatch Centres (SLDCs) and other IT/OT person of power sector utilities.**
- (x) **Further, National Cyber Testing Lab at Central Power Research Institute (CPRI) Bengaluru to implement the MoP order dated 02.07.2020 on testing power system equipment for use in the Supply System and Networks in the country for cyber security, work on all associated activity like designating Testing labs, and Testing protocols to be followed, etc. are taken up on high priority.**

**GOVERNMENT OF INDIA
MINISTRY OF POWER
LOK SABHA
UNSTARRED QUESTION NO.1918
ANSWERED ON 28.07.2022**

ALLOCATION OF FUNDS UNDER SAUBHAGYA

†1918. SHRI SANJAY SETH:

**Will the Minister of POWER
be pleased to state:**

- (a) the quantum of funds allocated to the State of Jharkhand under Pradhan Mantri Sahaj Bijli Har Ghar Yojana-Saubhagya during the last three years and the current year, district-wise including Ranchi;
- (b) the number of villages and houses electrified under Saubhagya during the said period, district-wise; and
- (c) the target fixed thereunder for the next three years, district-wise?

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) to (c) : Ministry of Power, Government of India launched Pradhan Mantri Sahaj Bijli Har Ghar Yojana (SAUBHAGYA) in October, 2017 with the objective to achieve universal household electrification by providing electricity connections to all un-electrified households in rural areas and all poor households in urban areas in the country. The scheme stands closed as on 31.03.2022.

There were no upfront allocation of funds for any State/District under SAUBHAGYA scheme. Funds were released for sanctioned projects in installments based on the reported utilization of the amount released in the previous installments and fulfillment of stipulated conditions. Funds disbursed and utilized in the State of Jharkhand under the scheme during the last three years, is as follows:

(Rs.in Crore)

Sanctioned Amount	Project closure cost	Grant released under SAUBHAGYA			
		2019-20	2020-21	2021-22	Total
887	472	4	60	28	92

As per the closure report submitted by State Government of Jharkhand, 11,41,230 no. of households have been electrified under Saubhagya and balance 5,89,478 no. of households have been electrified by the State through their own resources. District-wise details of households electrified under Saubhagya is at Annexure.

ANNEXURE**ANNEXURE REFERRED TO IN REPLY TO PARTS (a) TO (c) OF UNSTARRED QUESTION NO. 1918 ANSWERED IN THE LOK SABHA ON 28.07.2022**

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) & (b) : The Central Government had launched the Pradhan Mantri Sahaj Bijli Har Ghar Yojana-Saubhagya in October,2017 with the objective to achieve universal household electrification for providing electricity connections to all willing un-electrified households in rural areas and all willing poor households in urban areas in the country identified before 31.03.2019. As on 31.03.2021, all the States including Bihar and Jharkhand have reported 100% electrification of all the willing un-electrified households, identified before 31.03.2019. The Saubhagya scheme has been closed in March, 2021.

Central Electricity Authority (CEA) conducts Electric Power Survey (EPS) of the country every five years for estimating the electricity demand of the country on medium and long term basis as obligated under Section 73(a) of the Electricity Act-2003. The 19th EPS report, published in January 2017, covers electricity demand projection for the years upto 2026-27 as well as perspective electricity demand projection for the year 2031-32 and 2036-37 for each State/UTs with the consideration of impact of Pradhan Mantri Sahaj Bijli Har Ghar Yojana - Saubhagya Scheme.

The details of Estimated Peak Demand for the States of Bihar and Jharkhand for the years 2022-23 to 2026-27 and for perspective years 2031-32 & 2036-37 are given at Annexure.

(c) to (f) : India has robust transmission Grid capacity. Power can be transmitted from one State to another State through Regional Grids. India has five Regional Grids and all the five grids are now interconnected through synchronous links forming One Nation - One Grid - One Frequency system, thereby enabling smooth flow of power from surplus regions to deficit regions. The cumulative inter regional transmission capacity of the National Grid as on 30.06.2022 is 1,12,250 MW, which is likely to get enhanced to 1,18,050 MW by the end of the year 2023.

There is adequate installed capacity for generation in the country. As on 30.06.2022, the installed generation capacity of India is 403.76 Giga Watt (GW) which is sufficient to meet the Peak Power Demand of the country of around 215.89 Giga Watt (GW) which had occurred in the month of April, 2022 during the current year 2022-23 (period April, 2022 to June, 2022).

ANNEXURE

ANNEXURE REFERRED TO IN REPLY TO PARTS (a) & (b) OF UNSTARRED QUESTION NO. 1922 ANSWERED IN THE LOK SABHA ON 28.07.2022

The details of Estimated Peak Demand for the states of Bihar and Jharkhand for the years 2022-23 to 2026-27 and for perspective years 2031-32 & 2036-37.

Peak Electricity Demand (in MW) (Ex Bus)

State/UTs	2022-23	2023-24	2024-25	2025-26	2026-27	2031-32	2036-37
Bihar	7054	7521	8003	8681	9308	11944	14495
Jharkhand	5450	5733	6013	6326	6626	8155	9913

**GOVERNMENT OF INDIA
MINISTRY OF POWER
LOK SABHA
UNSTARRED QUESTION NO.1935
ANSWERED ON 28.07.2022**

SELF-RELIANCE IN POWER SECTOR

1935. DR. VISHNU PRASAD M.K.:

**Will the Minister of POWER
be pleased to state:**

- (a) whether the Government acknowledges the fact that the country is not yet self-reliant in the power sector;**
- (b) if so, the details thereof;**
- (c) whether the Government has chalked out any plan to make the country self-reliant in the power sector before completion of hundred years of Independence; and**
- (d) if so, the details thereof?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) to (d) : At present there is adequate installed capacity in the country to meet the demand. As on 30.06.2022, the installed generation capacity of the country is 403.76 Giga Watt (GW) which is sufficient to meet the Peak Power Demand of the country of around 215.89 Giga Watt (GW) which had occurred in the month of April, 2022 during the current year 2022-23 (period April, 2022 to June, 2022). As such, the country is self-reliant in meeting the demand of electricity in the country.

Ministry of Power has issued Orders in November 2021 to all entities under it, for complying to Public Procurement (Preference to Make in India), Order 2017 issued by Department for Promotion of Industry and Internal Trade (DPIIT), which is promoting the indigenous manufacturing to reduce dependence on imports for the power equipment.

Further, a scheme initiated by Ministry of Power, has been approved to establish a manufacturing zone based on cutting edge, clean and energy efficient technology for minimizing dependency on import of critical equipment required for Power sector including Renewable. This will promote indigenization through domestic manufacturing of items presently being imported and make the country further self-reliant in manufacturing of power equipment.

UNSTARRED QUESTION NO.1942
ANSWERED ON 28.07.2022**

IMPLEMENTATION OF SAUBHAGYA IN GUJARAT AND MAHARASHTRA

†1942. SHRI JASWANT SINGH BHABHOR:

**Will the Minister of POWER
be pleased to state:**

- (a) the number of Gram Sabha/Places where workhas been completed and ongoing/pending under the Pradhan Mantri Sahaj Bijli Har Ghar Yojana – Saubhagya in Dahod and Parbhani districts of Gujarat and Maharashtra respectively; and
- (b) the quantum of funds sanctioned, released and spent during the last three years and the current year for the said purpose along with names of agencies which have been assigned the works in the said districts?

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) & (b) : The Government of India launched Pradhan Mantri Sahaj Bijli Har Ghar Yojana – Saubhagya in October, 2017, since now closed, with the objective of achieving universal household electrification, by providing electricity connections to all un-electrified households in rural areas and all poor households in urban areas in the country. Under the scheme, as on 31.3.2019, Maharashtra had reported 100% electrification of all the willing un-electrified households in both urban and rural areas including in Parbhani district. In Parbhani district, under the scheme, electricity service connections were given to 8384 households (8006-rural and 378-urban) covering 466 villages and 7 towns. The State Government of Gujarat had reported that most of the houses were already electrified in the State of Gujarat before the launch of Saubhagya Scheme, hence, Gujarat had not participated in Saubhagya.

There was no upfront allocation of funds for any State/District under Saubhagya which has now been closed on 31.3.2022. Funds were released for sanctioned projects in instalments based on the reported utilization of the funds released in the previous instalments and fulfilment of stipulated conditions. Year-wise details of funds disbursed and utilized during the last three years under Saubhagya in Maharashtra including the Parbhani District are as under:

(Rs. in Crore)

Scheme	Sanctioned Amount	Gol grant released				Utilization
		2019-20	2020-21	2021-22	Total	
Saubhagya	405.90	43.40	-	19.10	62.47	100%

Electrification works under Saubhagya scheme in Parbhani district were implemented by Maharashtra State Electricity Distribution Company Limited (MSEDCL). Details of Agencies, which were assigned the works in Parbhani district of Maharashtra are at Annexure.

**GOVERNMENT OF INDIA
MINISTRY OF POWER
LOK SABHA
UNSTARRED QUESTION NO.1956
ANSWERED ON 28.07.2022**

SAVING OF ELECTRICITY

†1956. SHRI RODMAL NAGAR:

**Will the Minister of POWER
be pleased to state:**

- (a) whether air conditioners are responsible for maximum consumption of electricity in the country and if so, the details thereof;
- (b) whether the minimum temperature has been fixed in air conditioners to save electricity;
- (c) if so, the details thereof and the quantum of electricity likely to be saved annually from the said measures; and
- (d) whether the Government proposes to adopt such measures in respect of other electrical appliances also and if so, the details thereof?

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) : As per the report of Central Electricity Authority (CEA), on “ Growth of Electricity Sector in India from 1947-2022”, Industrial Sector consumes the maximum electricity in the country. Air conditioners are used by various categories of consumers, namely, domestic, commercial and industrial consumers. As per data available with CEA, the category wise energy consumption, including consumption of electricity by air conditioners, during 2021-22 is as under:

Category	% age of energy consumption during 2021-22
Industrial	41.16%
Domestic	25.77%
Agriculture	17.67%
Commercial	8.29%
Others	7.12%
Total	100.00%

(b) & (c) : Under the Gazettee Notification S.O. 3897 (E) dated 29th October, 2019, the Central Government, in consultation with the Bureau of Energy Efficiency (BEE), has mandated that all brands and types of room air conditioners manufactured, commercially purchased or sold in India, shall have default setting of temperature at 24 degree Celsius w.e.f. 1st January 2020.

Notwithstanding the above mentioned default setting, the users shall have the option to change the temperature of air conditioners according to their requirements.

BEE has estimated that there exists a potential of about 10 billion units (BU) of annual saving of electricity through the above measure.

(d) : At present, there is no proposal for adoption of such measures in respect of other equipments functioning on electricity. However, BEE is implementing the Standards & Labeling (S&L) Programme for equipments and appliances, wherein energy consumption standards have been prescribed in respect of the equipments and appliances covered under the Programme. Currently, there are 30 appliances under this Programme; 11 under mandatory regime and remaining 19 under voluntary regime.

UNSTARRED QUESTION NO.1962
ANSWERED ON 28.07.2022**

STATUS OF STRESSED POWER PROJECTS

†1962. SHRI GOPAL CHINNAYA SHETTY:

**Will the Minister of POWER
be pleased to state:**

- (a) whether the Government has identified various stressed power projects in public and private sector;**
- (b) if so, the details thereof State/UT, company and project/capacity-wise;**
- (c) the number of such projects taken over by other public and private sector companies in each of the last three years and the current year, company and project-wise;**
- (d) whether banks as well as cash-rich public sector companies have been asked to release re-construction funds for the purchase of shares of such stressed power companies; and**
- (e) if so, the details thereof along with the reaction of these Banks/Companies thereto?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) to (c) : Department of Financial Services (DFS) had identified 34 coal based Thermal Power Projects with a total capacity of 40130 MW as stressed in 2017. Out of these, 32 Projects were from private sector with a total capacity of 38540 MW and 2 projects were from public sector with a total capacity of 1590 MW. The details of the projects is given at Annexure-I. 8 projects, with a total capacity of 8690 MW, have been resolved through change in management and all these projects have been taken over by Private Sector companies. Details of the projects is given at Annexure-II.

Part (d) : No, Sir.

Part (e) : Does not arise.

UNSTARRED QUESTION NO.1964
ANSWERED ON 28.07.2022**

TWENTY-FOUR HOURS OF ELECTRICITY SUPPLY

**1964. SHRIMATI NUSRAT JAHAN RUHI:
SHRI CHANDESHWAR PRASAD:
SHRI NAMA NAGESWARA RAO:**

**Will the Minister of POWER
be pleased to state:**

- (a) whether the Government proposes to provide twenty-four hours of electricity supply to all by 2022;**
- (b) if so, the details of the progress made there under, State-wise including Bihar;**
- (c) if not, the reasons therefor;**
- (d) whether the Government would set up any revised deadline for providing twenty-four hours of electricity supply to all and if so, the details thereof;**
- (e) the details of average daily power supply in rural and urban areas of the country at present, State/UT-wise;**
- (f) whether the Government has achieved the target of complete electrification of all the rural and urban areas of the country and if so, the details thereof and if not, the reasons therefor; and**
- (g) the details regarding ratio of electrification across the country, State-wise?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) to (e) : The obligation of providing 24x7 power supply to all consumers lies with the concerned Power Distribution Companies (DISCOMs). Government of India had been helping the States through its various schemes including Deen Dayal Upadhyaya Gram Jyoti Yojana (DDUGJY) and Integrated Power Development Scheme (IPDS) to achieve the objective of providing uninterrupted power supply to all households. Under the recently launched Revamped Distribution Sector Scheme (RDSS), the State Power Distribution Utilities are financially supported to strengthen Distribution infrastructure and the fund releases under the scheme is linked to initiation of reforms and achievement of results that also includes trajectories for improving electricity supply hours to urban and rural consumers.

As per the information made available by the States on National Power Portal (NPP), the supply hours in urban areas and rural areas as on 8.7.2022, was 23.78 (HH.hh) & 21.48 (HH.hh) respectively. State-wise details of average hours of power supply in rural areas and urban areas during the year FY 2021-22 and for the current year FY 2022-23 till May, 2022 is at Annexure.

(f) & (g) : Under Deen Dayal Upadhyaya Gram Jyoti Yojana (DDUGJY) and thereafter under Pradhan Mantri Sahaj Bijli Har Ghar Yojana (Saubhagya), since now closed on 31.03.2022, all States had already declared electrification of all Villages as on 28th April, 2018 and all willing Households as on 31st March, 2019 respectively.

While a total of 18374 Villages were electrified under DDUGJY, a total of 2.86 crore Households were electrified under the aegis of Saubhagya including additional households in two tranches that became willing after 31.03.2019 but were unwilling for electrification earlier.

While fresh arisings of new households is a continuous process and electrification of such households is expected to be taken care of by the Distribution Utilities, the Government of India stands committed to help the States electrify all households identified before Saubhagya. In this respect, the Government of India has recently issued guidelines for their electrification under the Revamped Distribution Sector Scheme (RDSS). States have been advised to pose their DPRs to the Ministry of Power in this regard.

- (c) whether the Government has observed an increase or decrease in power consumption since announcement of such schemes during the said period and if so, the details thereof State/UT-wise;**
- (d) whether the Government has undertaken any study or survey to understand positive or negative externalities of such announcements; and**
- (e) if so, whether its findings have been circulated as advisory to States/UTs and if not, the reasons therefor?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) to (e) : Tariffs for various category of consumers of DISCOMs is decided by the respective State Electricity Regulatory Commission (SERC) while the decisions of subsidies and/or free power is taken by the respective State Governments.

As per information available, the overall subsidies to all consumers including Household and Industrial consumers also including the free power cost burden in the year 2020-21 was Rs.1,32,416 Crores. State-wise details for the last three years are annexed as Annexure-I. The State-wise consumption of power in Million Units (MUs) across various categories of consumers over the past three years is enclosed as Annexure-II.

Section 65 of the Electricity Act, 2003 allows the State Governments to grant subsidies to any categories of consumers, in advance. A similar provision exists in the National Tariff Policy, 2016. The Tariff policy also envisages that subsidies should be targeted effectively and in a transparent manner. While the policy envisages that the extent of subsidies to different categories of consumers is the prerogative of the State Governments, the policy also mentions that the provision of free electricity is not desirable as it encourages wasteful consumption of electricity.

The National Electricity Policy, 2005 further provides that the States may give advance subsidies in line with Section 65 of the Electricity Act in which case the necessary budget provision would be required to be made in advance so that the Utility does not suffer financial problems that may affect their operations.

UNSTARRED QUESTION NO.1988
ANSWERED ON 28.07.2022**

POWER DEMAND

**1988. SHRI P.V. MIDHUN REDDY:
SHRI SRIDHAR KOTAGIRI:**

**Will the Minister of POWER
be pleased to state:**

- (a) the details of expected power demand in the country during the current year;**
- (b) whether the Government has taken any steps to meet the power demand in the country for the current year in light of the recent coal shortage; and**
- (c) if so, the details thereof and if not, the reasons therefor?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) : Central Electricity Authority (CEA) has conducted assessment of the supply and demand of the electricity for the year 2022-23. As per the Load Generation Balance Report (LGBR) 2022-23 published by CEA, the All India Energy Requirement is assessed to be 1,505,198 Million Units (MU) as against the assessed Energy Availability 1549,597 MU in the country for the year 2022-23.

(b) & (c) : The Central Government has taken the following steps to ensure smooth coal supply to power plants for unhindered power generation:-

(vi) An Inter-Ministerial Sub Group comprising of representatives from Ministry of Power, Ministry of Coal, Ministry of Railways, Central Electricity Authority (CEA), Coal India Limited (CIL) and Singareni Collieries Company Limited (SCCL) meet regularly to take various operational decisions to enhance supply of coal to thermal power plants as well as for meeting any contingent situations relating to Power Sector including to alleviate critical coal stock position in power plants.

(vii) For augmentation of coal supply and power generation capacity, a Secretary level Inter- Ministerial committee has been set up to ensure that the medium and long term requirements of coal are met. The Inter-Ministerial Committee (IMC) comprises of Chairman Railway Board, Secretary, Ministry of Coal, Secretary, Ministry of Environment Forests and Climate Change as members and Secretary, Ministry of Power as convener.

(viii) Ministry of Power has advised power plants to maintain adequate coal in their power plant to meet the demand of electricity.

LOK SABHA
UNSTARRED QUESTION NO.2013
ANSWERED ON 28.07.2022**

INCREASING POWER TARIFFS

†2013. SHRI SADASHIV KISAN LOKHANDE:

**Will the Minister of POWER
be pleased to state:**

- (a) whether the Government is aware of adverse effects of continuous increase in the power tariffs on the agriculture sector and to the common man;**
- (b) if so, the details thereof;**
- (c) whether the Government has taken any concrete steps to resolve the said problem; and**
- (d) if so, the details thereof and if not, the reasons therefor?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) to (d): As per the Electricity Act 2003, the tariff for different categories of consumers are determined by State Electricity Regulatory Commissions/Joint Electricity Regulatory Commissions in accordance with the Electricity Act, 2003. However, the State Governments can give subsidy to any class of consumers, to the extent they consider appropriate, as per the provisions of section 65 of the Electricity Act, 2003. Tariff to a class of consumers can also be moderated by way of cross subsidies. The Tariff Policy, 2016 allows cross subsidies to be such that tariffs are within $\pm 20\%$ of the average cost of supply.

Government of India have taken the following steps to reduce the cost of power generation and resultant reduction in cost of electricity to consumers:

- (i) The Government in May, 2016 allowed flexibility in utilization of domestic coal by State/Central Gencos amongst their generating stations to reduce the cost of power generation by allocating more coal to their most efficient plants as well as by saving in transportation cost. The States may also transfer their linkage coal to IPPs selected through bidding process and take equivalent power.**
- (ii) Rationalization of linkage sources of State/Central Gencos and IPPs with a view to optimize transportation cost has been allowed.**
- (iii) The Government has introduced the SHAKTI (Scheme for Harnessing and Allocating Koyala (Coal) Transparently in India)-2017 Scheme to provide coal linkages to the power plants which do not have linkage, thus helping the generators to get cheaper coal and thereby reduction in cost of generation.**
- (iv) A Merit Order Despatch System has been put in place for Inter State Generating Stations under which electricity from more efficient/lower cost plant are despatched first.**

**GOVERNMENT OF INDIA
MINISTRY OF POWER
LOK SABHA
UNSTARRED QUESTION NO.2044
ANSWERED ON 28.07.2022**

BENEFICIARIES COVERED UNDER SAUBHAGYA

2044. SHRI ACHYUTANANDA SAMANTA:

**Will the Minister of POWER
be pleased to state:**

- (a) the number of beneficiaries who have been provided with electrical access under the Pradhan Mantri Sahaj Bijli Har Ghar Yojana - Saubhagya in the State of Odisha, during the last three years and the current year, district-wise;**
- (b) the quantum of expenditure incurred there under during the said period in the State of Odisha;**
- (c) whether there is a significant lack of knowledge dissemination with respect to incentives provided under the said yojana and if so, the details thereof;**
- (d) whether the Government faces hurdles in providing last mile power availability especially in districts like Kandhamal; and**
- (e) if so, the details thereof along with the steps being taken by the Government thereon?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) to (e): The Government of India launched Pradhan Mantri Sahaj Bijli Har Ghar Yojana – Saubhagya in October, 2017 with the objective of achieving universal household electrification, by providing electricity connections to all un-electrified households in rural areas and all poor households in urban areas in the country including State of Odisha. Under the scheme, as on 31.03.2019, Odisha had reported 100% electrification of all the willing un-electrified households in both urban and rural areas including in Kandhawal district.

Specifically under Saubhagya, the state has reported electrification of a total of 9,57,509 household; the district wise breakup of which is enclosed as Annexure.

There was no upfront allocation of funds for any State/District under Saubhagya scheme since then closed as on 31.03.2022. Funds were released for sanctioned projects in installments based on the reported utilization of the amount

released in the previous installments and fulfillment of stipulated conditionalities. Year-wise details of funds disbursed to Odisha State under Saubhagya in the last three years is as under:

Rs in Crore

Sanctioned cost	Project Closure Cost	Grant released and utilized by Odisha State under Saubhagya Scheme				
		2019-20	2020-21	2021-22	Total	Funds Utilized
525	430	-	-	52	52	51

Under the scheme, campaign for mass awareness were launched in the form of movement of special vehicle namely Saubhagya Rath across Districts, door to door campaign, publication in Print and Electronic Media, Organisation of camps in villages / cluster of villages were organized for on-the-spot registration and release of connections. Even after saturation of particular district/village special camps and Saubhagya Rathes were planned in areas to ensure electricity connection to each and every willing un-electrified household. In addition, a dedicated 24x7 toll free helplinenumber1800-121-5555 was set up to facilitate any left out un-electrified household under Saubhagya scheme.
