As per list

Subject: - Surrendered share of power by States in various power stations - reg.

**********

Sir / Madam,

Please refer to this Ministry’s letter dated 27th February, 2015, 31st March, 2015, 8th July, 2015 enclosed therewith the letters from various Government regarding above subject.

The letters are again enclosed received from Govt. of Odisha, DVC, Govt. of Rajasthan, Govt. Himachal Pradesh, Govt. of Sikkim, Govt. of Meghalaya and Govt. of NCT of Delhi surrendering their power. These letters are also available in Ministry of Power website (www.powermin.nic.in). If the State is interested to avail this power, the quantum and the period may be indicated, so that suitable reallocation can be considered by the Ministry.

Yours faithfully,

(D. Guha)
Under Secretary to Govt. of India

(i) Surrendered share of Delhi in Dadri-I upto 31st March, 2017: 180 MW of TPDDL.
GOVERNMENT OF ODISHA  
DEPARTMENT OF ENERGY

No. ______/En. 
NTPC 4/2014 

Dated. 17.02.2015

From 
Sri Suresh Chandra Mahapatra, IAS, 
Principal Secretary to Govt.

To 
The Joint Secretary, Ministry of Power, 
Govt. of India, Shram Shakti Bhawan, 
Rafi Marg, New Delhi-110001

Sub: Surrender of allocated power from NTBC stations located outside the State.

Sir,

I would like to invite a reference to this to this Deptt. letter No.8885 dtd.12.11.2014 and No.9855 dtd.14.12.2014 on the subject cited above and to request that upcoming NTBC power from stations located outside the State of Odisha (Except North Karanapura Super Thermal Power Station) may be de-allocated at an early date.

Ministry of power, Govt. of India vide Notification dtd.03.07.2012 had allocated 418 MW of power from Barh stage-I (3x660 MW) and 166 MW of power from Barh stage-II (2x830) of NTBC situated in Bihar. In the meantime NTBC vide letter dated 14.11.2014 have declared commercial operation of one unit [unit#1] of Barh stage-II.(660 MW) [copy enclosed] from which GRIDCO have the entitlement of 82.96 MW which is being currently scheduled. Another unit of Barh stage-II (unit#3) is likely to be commissioned soon. In view of increased allocations from the State based NTBC and UMPP plants, power from Barh Station is not required.

I would therefore, request that on a first measure power from Barh Station of NTBC (stage I & II) which has already been put to commercial operation may be de-allocated immediately.

Yours faithfully,

Principal Secretary to Govt.

Additional Secretary to Govt.
To
The Director (OM)
Ministry of Power
Government of India
Shram Shakti Bhawan, Rafi Marg
New Delhi – 110001

Sub: Surrender of NTPC Thermal Power allocated to DVC

Ref. 1. MOP, GOI letter no. 5/51/2010-Th.II, dtd.09.12.2010 regarding FSTPS-III
2. MOP, GOI letter no. 5/20/2010-Th.II, dtd.28.09.2010 regarding Nabinagar STPS
3. MOP, GOI letter no. 5/14/2009-Th.II, dtd.10.12.2010 regarding Mazaffpur TPS Expansion project STPS

Dear Sir,

In terms of allocation of power by MOP, GOI vide above letters under reference, bilateral PPA between DVC & NTPC was executed from the respective thermal power plants of NTPC. The details are given in tabular form as hereunder –

<table>
<thead>
<tr>
<th>Name of NTPC Power Plant</th>
<th>Quantum of Power</th>
<th>Date of Execution of Agreement</th>
</tr>
</thead>
<tbody>
<tr>
<td>Farakka STPS –III</td>
<td>31.8 MW (6.36% of IC-500MW)</td>
<td>30.12.2010</td>
</tr>
<tr>
<td>Nabinagar STPS (a JV of NTPC &amp; BSEB)</td>
<td>54 MW (2.73 % of IC-1980 MW)</td>
<td>26.11.2010</td>
</tr>
<tr>
<td>Muzaffarpur TPS Expansion Project (a JV of NTPC &amp; BSEB)</td>
<td>10 MW (2.6 % of IC-390MW)</td>
<td>30.12.2010</td>
</tr>
</tbody>
</table>

Meanwhile Hon’ble Jharkhand State Electricity Regulatory Commission (JSERC) disallowed power purchase cost from Farakka STPS –III, Nabinagar STPS and Muzaffarpur TPS Expansion Project of NTPC during period from FY 2014-15 & 2015-16 in its Multi Year Distribution Tariff order dtd. 04.09.2014. The Hon’ble state commission also did not allow power purchase cost from Farakka STPS –III for the period 2013-14. Recovery of the fixed charges is as such not possible from the consumers under command area of DVC as per directive of Hon’ble JSERC in its Tariff order dtd. 04.09.2014 as mentioned above.
In this context it is further mentioned that DVC has unallocated surplus power to the tune of 1200 MW from its new generating units. In spite of repeated persuasions, DVC could not tie up for sale of above power under long term bi-lateral agreement with any beneficiary (ies) as on date resulting significant backing down of its own generation.

Under the above back drop DVC has decided to surrender its share of allocation from Farakka STPS -III (31.8 MW), Nabinagar STPS (54MW) and Muzaffarpur TPS Expansion Project (10MW).

It is, therefore, requested to kindly look into the issue for reallocation of above power so that necessary formalities may be made immediately for proposed surrender from the above NTPC stations.

It is further requested to advise NTPC accordingly so that termination of the Power Purchase Agreements executed between DVC and NTPC in respect of Farakka STPS – III, Nabinagar STPS, Muzaffarpur TPS Expansion Project can be made without any further delay.

Yours faithfully,

Executive Director (Coml)

No. F. 7(2) Energy/2003

Jaipur, Dated 8.4.2015

Sub: Surrender of Power receiving from NTPC station, Jhajhar

In reference to subject cited above, looking to the load trend of Rajasthan Discoms and availability of cheaper power, Rajasthan state is interested to surrender the power share of Rajasthan of 9.75 MW in NTPC station, Jhajhar forever.

Therefore, you are requested to de-allocate the complete share of power of Rajasthan in NTPC station, Jhajhar with immediate effect.

(Sanjay Malhotra)
Pr. Secretary, Energy
HIMACHAL PRADESH STATE ELECTRICITY BOARD LIMITED
(A State Govt. Undertaking)

No. HPSEBL/CE(SO&P)/IS-5A/2015 - C-1-0-3

Dated 01-04-15

To

The Secretary (Power),
Ministry of Power, Govt. of India,
Shram Shakti Bhawan, Rafi Marg,
New Delhi-110001.

Subject:- Surrendering of Power from Anta, Auriya and Dadri Power Stations.

Sir,

I have the privilege to share with you that during last one decade Govt. of Himachal Pradesh has been able to add substantial Hydro Generation Capacities in the power system through various stakeholders viz. State Utilities, CPSUs, JVs & IPPs and by March, 2014 the installed hydro capacity of HP is pegged at 9000 MW. Though major quantum of this power flow out to neighbouring States and helps the Grid yet this simultaneously has facilitated in big way in meeting base load requirements of HP State during summer and winter months.

In light of above mentioned present developments in Hydro power and the emerging Scenario, the demand and supply position of the HP State has been reviewed by Governmental, Regulatory and HPSEBL authorities and in principal decision has been taken that HP State in the first instance shall surrender its allocated share in Anta, Auriya and Dadri Power Stations of NTPC as enshrined in the PPA dated 31.01.1994. The detail of these projects, HP share etc. of power which is requested to be de-allocated for the entire period of projects is appended hereunder;

<table>
<thead>
<tr>
<th>Sr. No.</th>
<th>Station</th>
<th>Installed Capacity (in MW)</th>
<th>%age</th>
<th>HP Share</th>
<th>MW</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>

2. The Chairman & Managing Director, NTPC Ltd., NTPC Bhawan, Scope Complex-7, Institutional Area, New Delhi-110003, for kind information please. It is requested to take up the matter with Ministry of Power, Govt for de-allocation of above power.

Managing Director,
HPSEBL, Vidyut Bhawan,
Shimla-04
To,

The Under Secretary to the Government of India, Thermal – II
Ministry of Power, Government of India,
Shram Shakti Bhawan, Rafi Marg,
New Delhi – 110001.

SUBJECT: - SURRENDER OF CENTRAL ALLOCATION OF POWER FROM BARH – II
STPP - 660 MW.

Dear Sir,

With reference to our letter no 15/TRD/E&P/2014-15/1, dated 18th MAY 2015, it is to again remind your good office that the Energy and Power Department, Government of Sikkim has a share of 1.51% of thermal power from BARH II (660 STPP, NTPC) i.e 9.96 MW of share to the state of Sikkim. However, the cost per unit is exceeding Rs 6/Kwh and at such a high rate it becomes totally unviable for the state of Sikkim to continue drawing the allocated share of power. It is therefore requested that the 1.51% of share allocated for Sikkim may kindly be withdrawn and the same reallocated elsewhere. The Energy and Power Department sincerely regrets the surrender of the power allocated to Sikkim.

It is also requested that an order for the cancellation of the allocated share may kindly be issued at the earliest since Energy & power department is liable to pay for the capacity charges even though the department has not been scheduling the power from the said generating unit.

Thanking You,

K. B. KUNWAR
Chief Engineer/Head of Office

Copy to:

1. Member Secretary (ERPC), Eastern Regional Power Committee 14, Golf Club Road, Tollygunge-Kolkata-700033.
2. Regional Executive Director (East-I), NTPC, Patna.

Chief Engineer/Head of Office
Sub: Temporary surrendering of Power from NTPC-Bongaigaon Thermal Power Station (BTPS).

Sir,

In drawing your kind attention to the Power Purchase Agreement (PPA) which was entered upon between the erstwhile Meghalaya State Electricity Board (MeSEB) and the National Thermal Power Corporation Limited (NTPC) on 13-07-2007 (a copy of which is enclosed for ready reference), I am to state that the share allocated by the Ministry of Power, Government of India to Meghalaya from the upcoming 3x250 MW Bongaigaon Thermal Power Station is 53 MW. However, after having reviewed the availability vis-à-vis the demand situation, it is observed that the State has adequate power to meet its requirement up to the year 2021.

The Government of Meghalaya would therefore like to surrender this entire allocation of 53 MW of Power from the NTPC-BTPS temporarily without the levy of fixed charges up to the year 2021. I would also request you to kindly arrange for issue of necessary orders in this regard.

Yours faithfully,

(J. LYNGDOH)
Commissioner & Secretary to the Govt. of Meghalaya,
Power Department.
Delhi being a land locked city with neither coal reserves nor hydel potential is largely dependent upon CPSUs as major source of its power supply. The average power purchase cost of Delhi is high vis-à-vis many States in India resulting in the levy of a higher electricity tariff. The matter of costly power was also discussed with your good self during our meeting on 28.04.2015 and you were kind enough to offer that if Delhi wants to surrender the power allocated from few central sector stations it will get the full cooperation in this regard from the Central Government.

On the basis of the inputs from the deliberations conducted with all the stakeholders with an objective to reduce the burden of high electricity tariff, it is proposed to surrender the power from the following central sector stations in the same sequence of priority as mentioned hereunder:-

In view of the above, you are requested to accede to the request of Delhi Government for surrender of above referred power with immediate effect and reallocate the same to other needy States.

With regards,

Yours sincerely,

(SATYENDAR JAIN)

Shri Piyush Goyal,
Hon'ble Minister of State (I/C) for Power, Coal and New & Renewable Energy, Govt. of India, Shram Shakti Bhawan, Rafi Marg, New Delhi – 110001.
The Director (OM)
Ministry of Power
Govt. of India
Shram Shakti Bhawan
New Delhi - 110 001

Sir,

This is with reference to our aforementioned letter, wherein inter-alia, we had requested the Ministry of Power, Govt. of India for surrender of 180 MW of TPDDL share from Dadri-I for a period of one year i.e. upto 31st August, 2015.

In respect of the same, the Ministry of Power had agreed to our request and allocated 180 MW of TPDDL share from Dadri-I to the state of Bihar up to 31.08.2015.

It was also mentioned in the said letter that the situation would be reviewed again after one year. Accordingly, we have reviewed the power situation and it has been observed that the said power may be surrendered upto 31st March, 2017. It is also informed by TPDDL that they are in discussion with the state of Bihar for further extending the reallocation of Dadri-I for a further period of 1 to 2 years.

It is therefore, requested that the Ministry of Power, Govt. of India may reallocate this power to other needy states up to 31st March, 2017.

Yours sincerely,

(Ajay Kumar Bisht)
Addl. Secretary (Power)
